GROUND BREAKING CEREMONIES

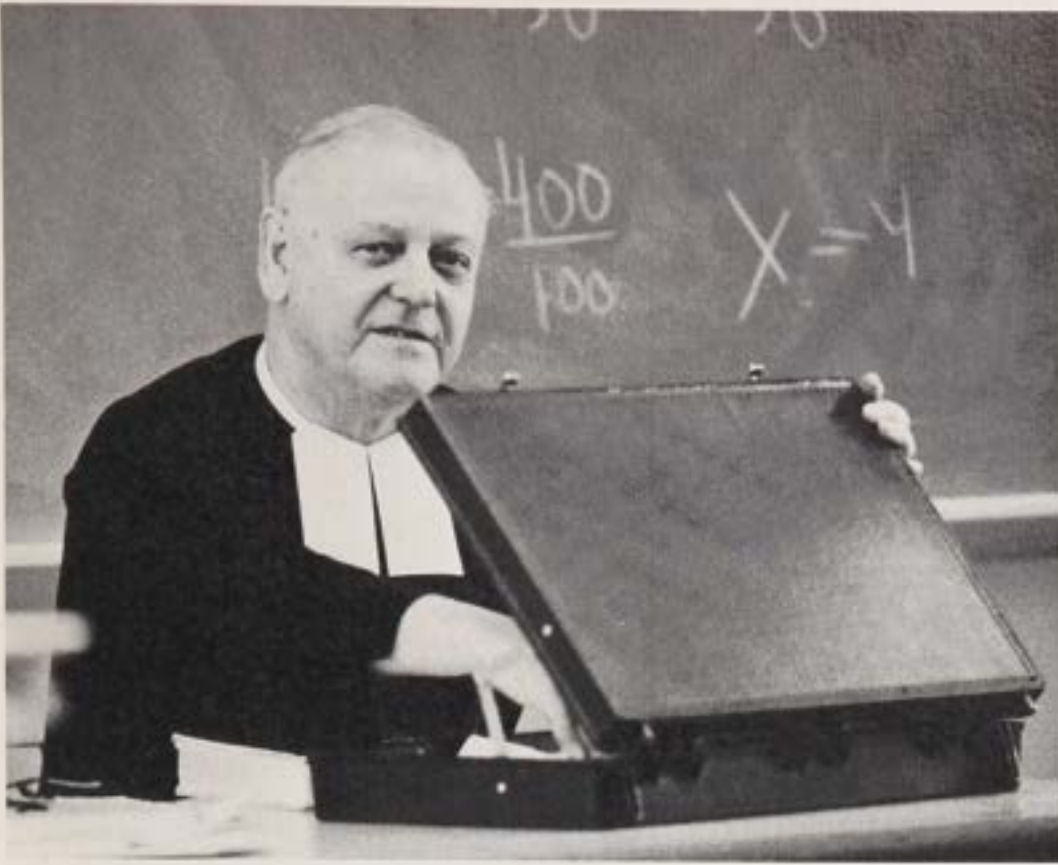

We, the Senior Class of 1973, would like to dedicate our yearbook to Brother Albert Bernard McKenna, for his many years of outstanding devotion and service to the Christian Brothers, and to C.B.A., Lincroft in particular.

Having been born in Pawtucket, Rhode Island in 1914, Brother Bernard entered the Brothers' Novitiate in Pocantico Hills, New York on June 28, 1930. Brother concluded his training in August, 1939, when he took his perpetual vows at Oakdale, New York.

Brother Bernard taught for many years at La Salle Military Academy, Oakdale, and then at St. Bernard High School in New York City. Brother arrived at Lincroft on June 25, 1959, and undertook a very instrumental role

in the founding of Christian Brothers Academy. He served as first Principal of C.B.A. from 1959 to 1965, firmly establishing the school as one of the finest in the state. After leaving C.B.A. for five years to teach at C.B.A., Syracuse, Brother returned to Lincroft in 1970 to observe the results of his labor. Brother is now teaching Algebra I to our freshmen, and takes an active part in the intramural football program at C.B.A.

We would like to thank Brother Bernard for helping to make C.B.A. a reality for so many young boys, and for providing a constant inspiration for all the members of the C.B.A. community.

BROTHER ALBERT BERNARD McKENNA

DEDICATION OF MAIN BUILDING — 1961
Brother Bernard laying cornerstone with Bishop George W. Ahr
looking on.

SENIORS

THE GRADUATING CLASS

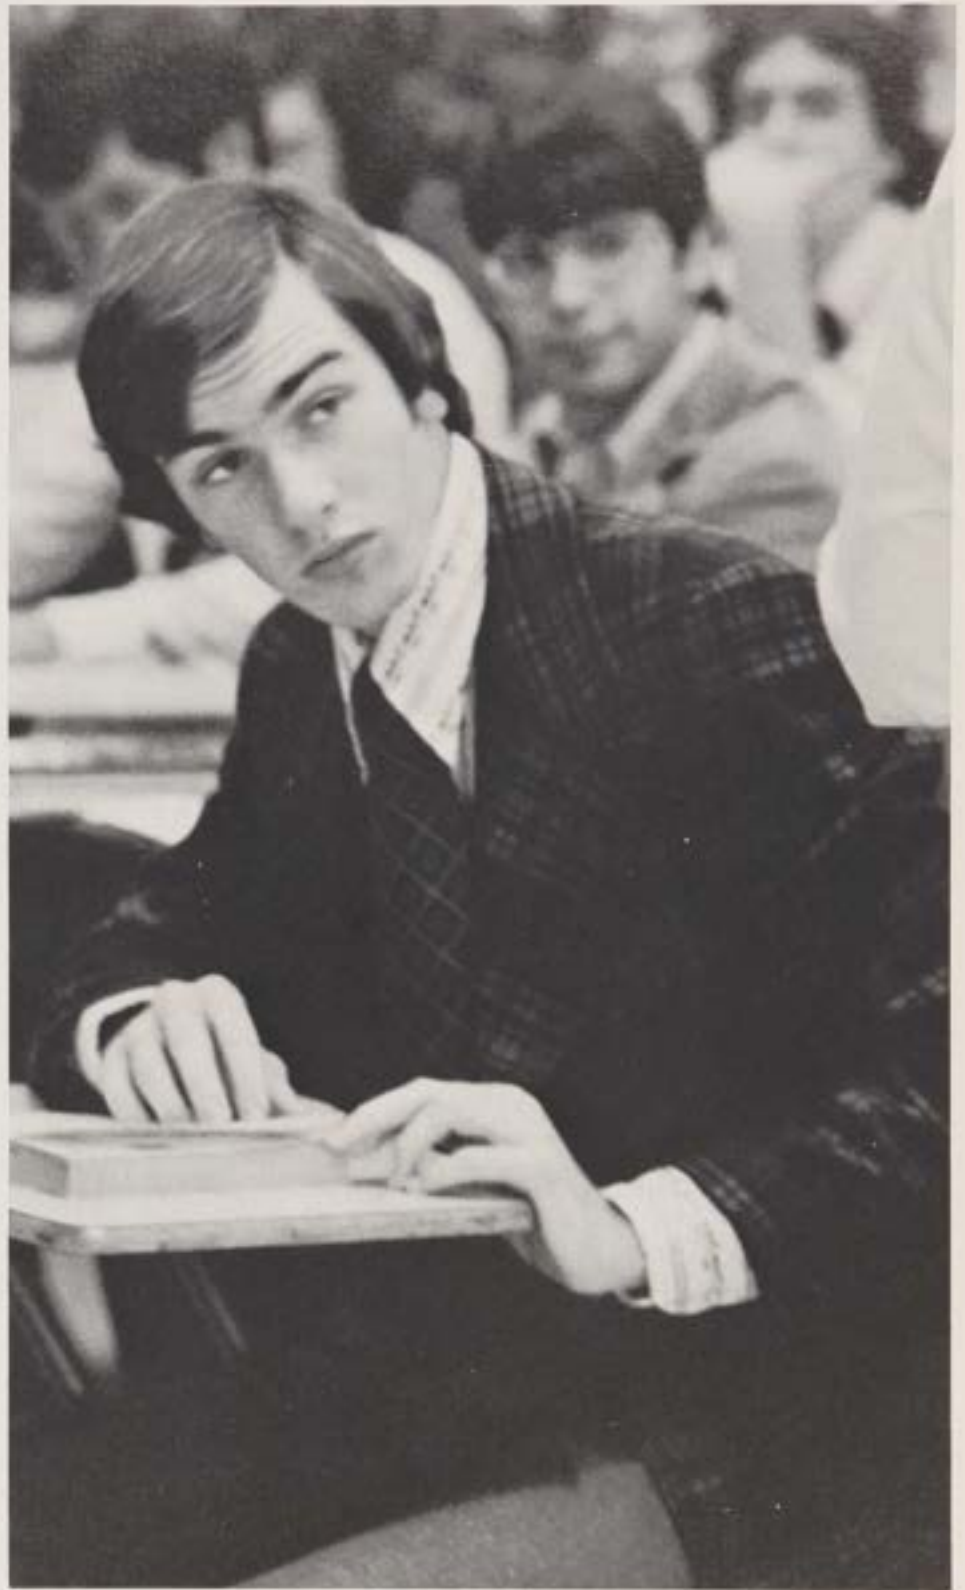

JANUARY 27, 1973—THE BEGINNING
OF AN ERA OF PEACE

The end of the war in Vietnam was not marked by rejoicing, but rather by an international sigh of relief. It was a time for humble thanks, cautious hope, and a rededication of man to the principles of coexistence.

The youth of this country, about to move into society as the hope of tomorrow, experienced a special feeling of gratitude. They are inheriting a world which has already taken the first step towards building a peace for mankind. Hopefully, this peace will be a strong and lasting one which will allow the nations of the world to work together for the betterment, rather than the detriment of society. Perhaps the day will come when East and West will work side by side to fight ignorance, poverty, and disease throughout the world.

Right now these ideals are only distant hopes, but we are the young men who can make them a reality.

EARTH SCIENCE FIELD TRIPS

One of the recently introduced activities at C.B.A. is the Earth Science Field Trips. In its second year, the program has become a requirement of Brother Edward Martin's freshman course. About ten expeditions are made each year, averaging fifteen students per trip. They include visits to a variety of sites in New Jersey, and Pennsylvania, making it possible for the boys to collect minerals and fossils for study.

LA TUNA

On January 12, a group of Spanish folk musicians called La Tuna gave a performance for the C.B.A. students, and for the Spanish Clubs of Red Bank Catholic, Mater Dei, St. Rose, and St. John Vianney. The performers were engineering students from the University of Madrid, who were making an eight month tour of the United States. A ribbon from C.B.A. was presented by Mrs. Decker, who was then asked to dance with one of the singers.

A NOTE FROM THE EDITOR . . .

The creation of the 1973 *Pegasus* involved a lot of hard work, time, and dedication on the part of many over the past months. I would like to take this opportunity to thank all those who were so instrumental throughout the course of its production.

First my staff, whose assistance with the layout design, typing, and photographic aspects of the book were invaluable throughout the year: Tom DiFedele '73, Kevin McNamara '73, Steve Nugent '73, Lou Cian '73, Ed Barry '73, Larry Donahue '73, Jeff Jones '74, Dan Jones '75, Patrick Kovchok '74, Philip McNiff '74, Thomas Kitrick '74.

Brother Christian Jones, our moderator, who was always more than willing to offer his guidance and assistance with our work. Brother Robert Conway, whose photographic talent provided us with outstanding material to work with, and whose dedication produced an extensive coverage of the school events. The other faculty members for their cooperation with our photographers, and their willingness to supply my staff with the necessary data and statistics about the various teams and organizations in our school.

A special thanks to the students and patrons whose assistance with our annual fund raising drive provided us with the financial support necessary for the production of this book.

Mr. Thomas Everett of Rae Publishing Company, for his advice and genuine interest in making this publication a success. Mr. Jack Lambert and the other representatives of Lorstan-Thomas Studios for the many fine photographs that went into the creation of this book. Mr. Dom Graziano of S. K. Smith Company for his assistance in selecting our cover design.

In my opinion, the main purpose of the yearbook is to accurately depict the kind of students, faculty, and staff that comprise our academic community, here, at C.B.A. I would like to say that it has been a pleasure and an honor to work with an organization as outstanding as Christian Brothers Academy, and I sincerely hope that the 1973 *Pegasus* has illustrated these feelings.

Sincerely,
DENNIS KEOGH
Co-ordinating Editor
1973 *Pegasus*
