*The Twenty-Fifth Graduating Class*

PRESENTED TO THE N.Y. CATHOLIC PROTECTOR BY  
HENRY J. ...  
ERECTED AT VAN NEST, NEW YORK CITY, 1885  
TRANSFERRED TO PRESENT SITE, OCT. 1939

# DEDICATION

# Brother A. Patrick Martin, F.S.C.

*The Twenty-fifth graduating class of Christian Brothers Academy is honored and proud to dedicate the 1987 Pegasus to Brother A. Patrick Martin, F.S.C.*

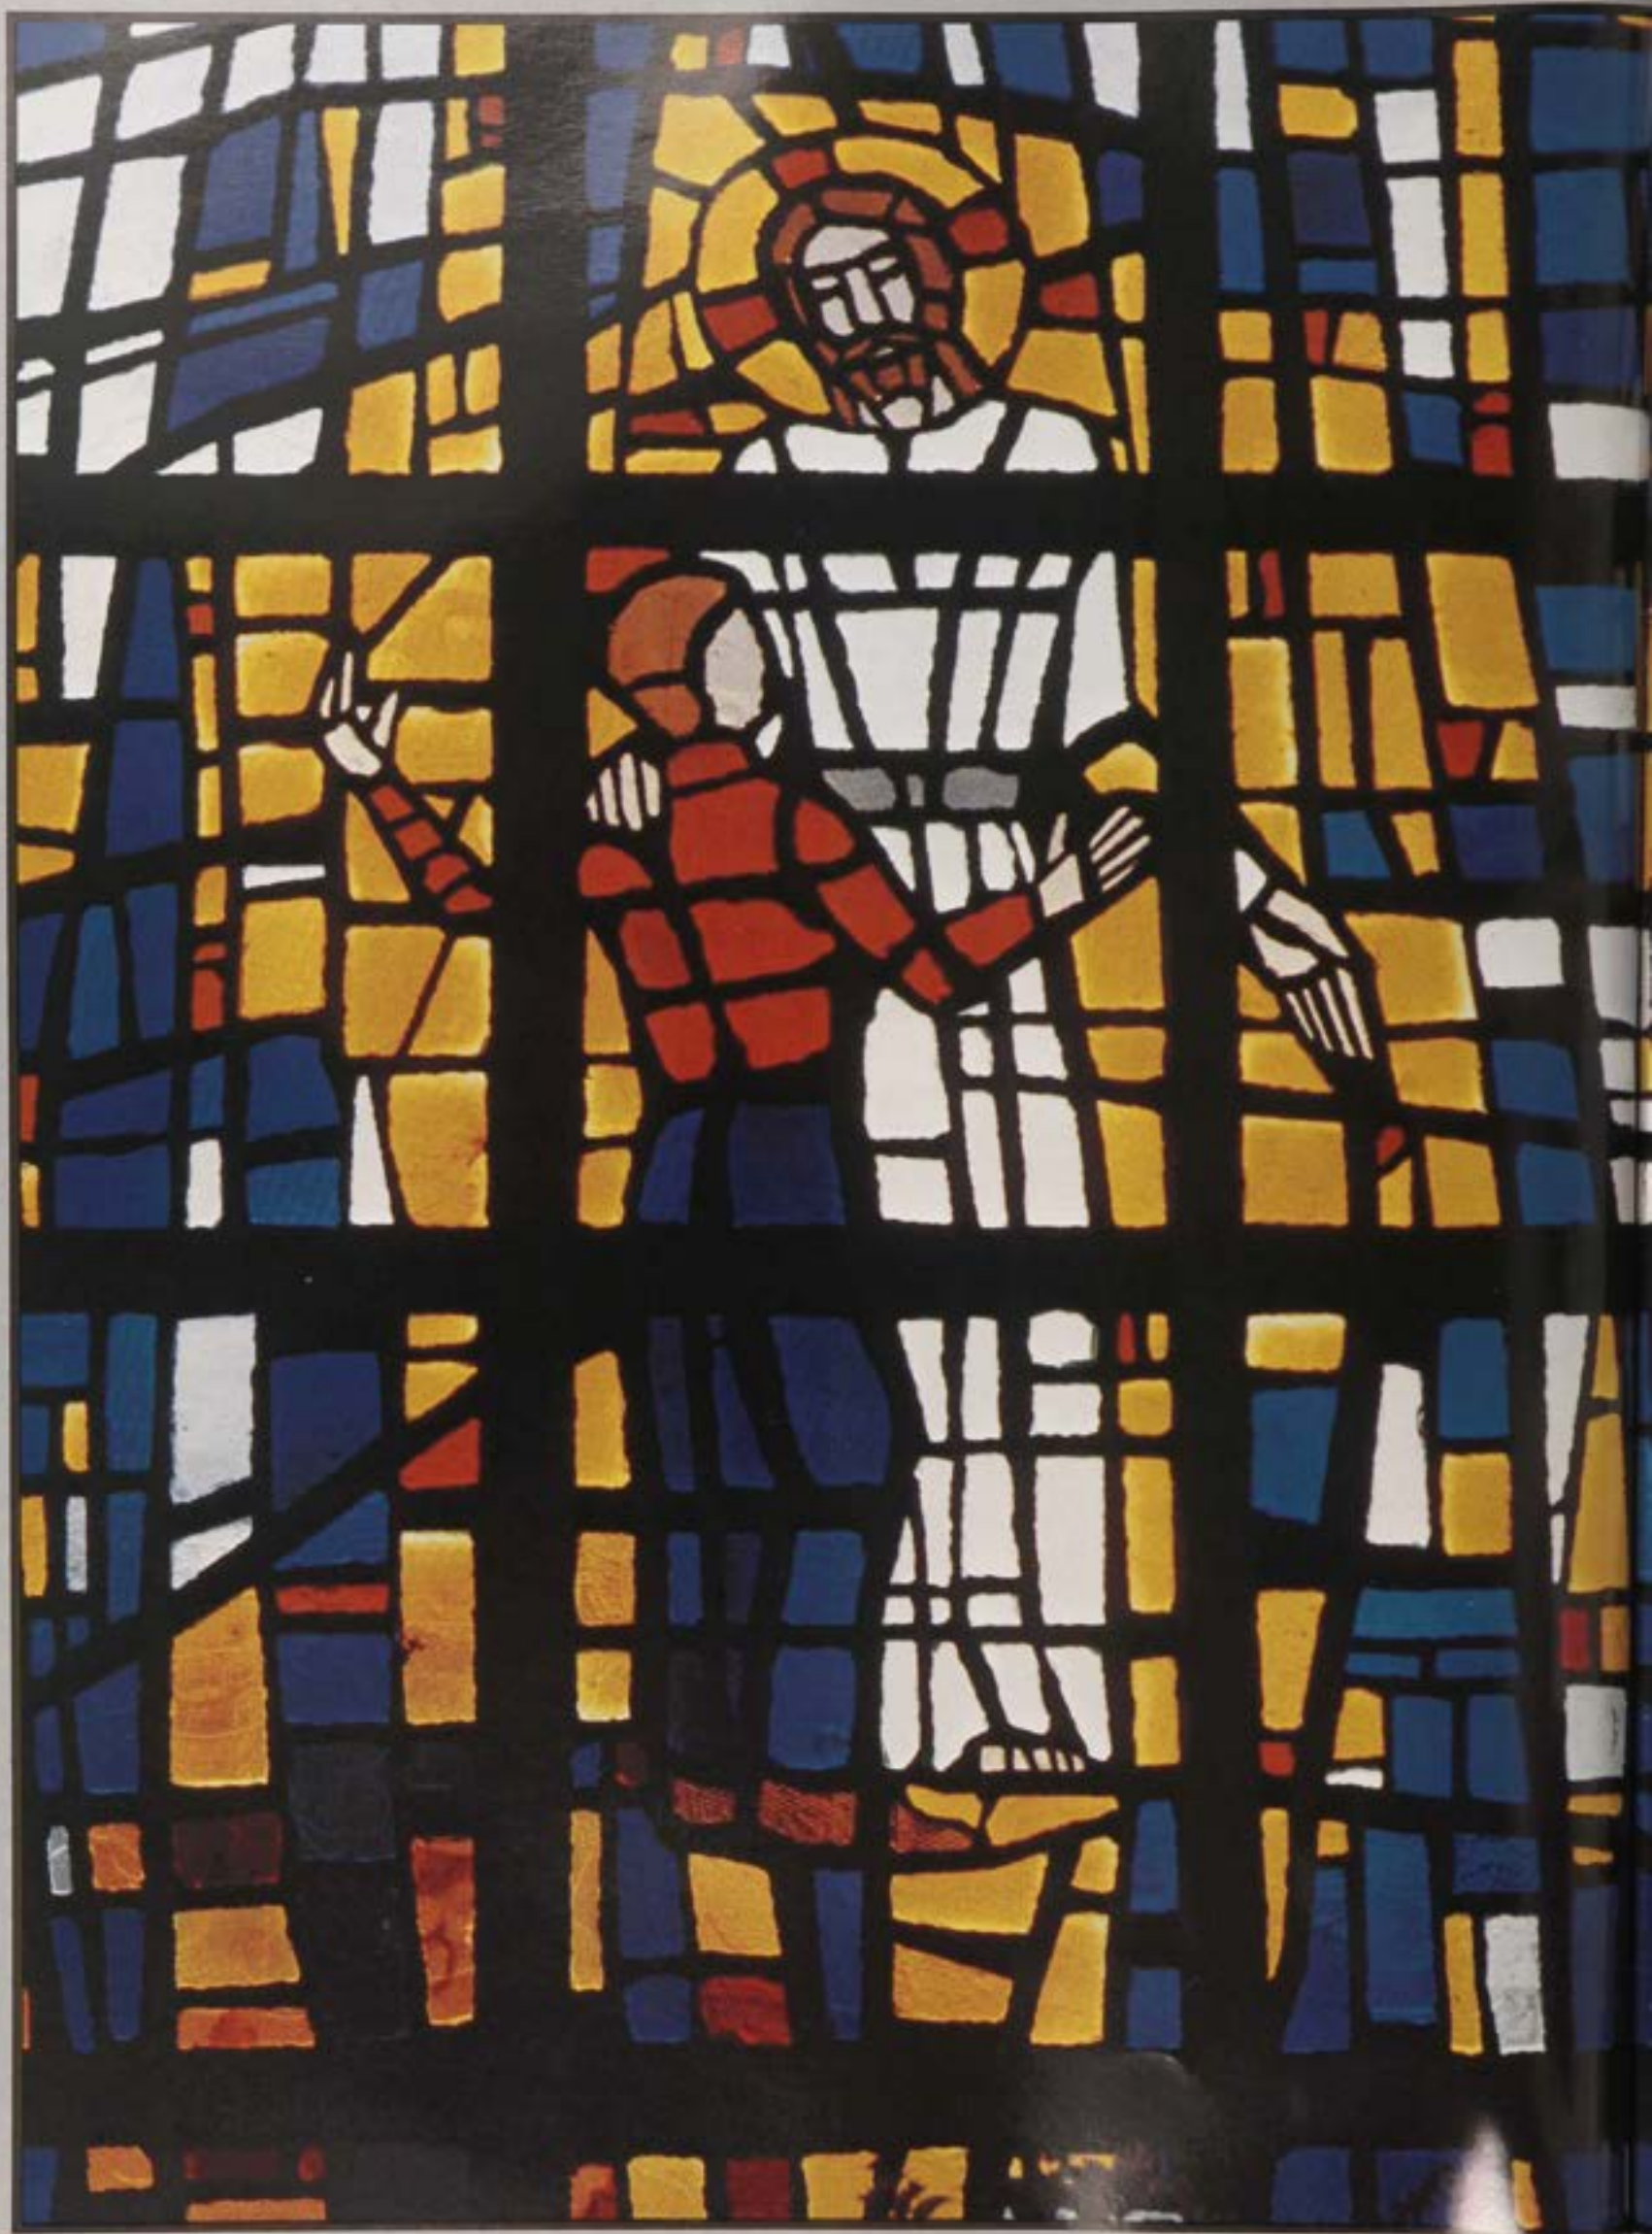

*Brother Patrick (Francis Harold Martin) was born on June 1, 1917, in Newport, Rhode Island. He attended De La Salle Academy, in Newport, from 1930 to 1934, where he was an honor student and an outstanding athlete. He was captain of the varsity football and tennis teams in his senior year. He was the first graduate to enter the Brothers of the Christian Schools in Barrytown, New York.*

*Brother Patrick entered the Brothers in June 1936 and upon completion of his novitiate, made his first vows in September, 1937. He graduated magna cum laude from Catholic University in 1941. He earned his masters degree at Manhattan College in 1951 and continued graduate studies at Canisius College, Fordham, Seton Hall and Niagara Universities.*

*Brother Pat first taught at St. Patrick's School in Newburgh, New York. His teaching career followed with positions as principal and director of four parochial schools in New York State. Under the leadership of Brother Pat, these schools were declared "banner schools" for outstanding athletic and academic leadership.*

*In 1955, Brother Pat began a long career of teaching and administration in the secondary schools of the New York Province. For the past twenty-one years he has taught Religion and History here at the Academy. He was the Dean of Henderson Hall and now of the Freshman Wing. He is known to all as "Tennis Pat" for his remarkable ability as coach, player, moderator, and friend to the entire C.B.A. community.*

*To be effective, your teaching must be supported by your example . . .*

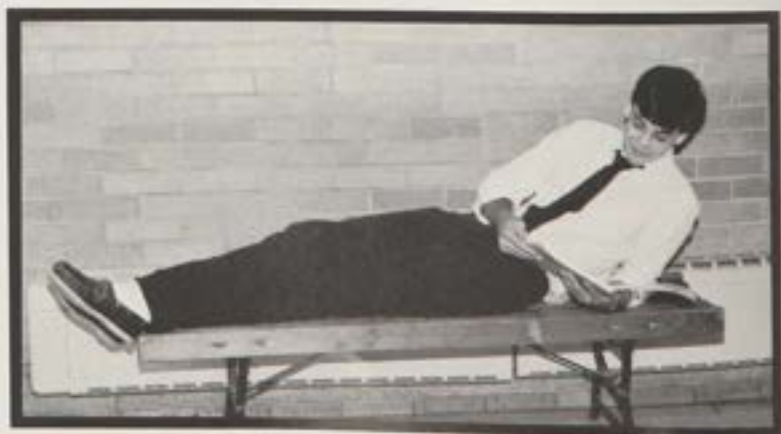

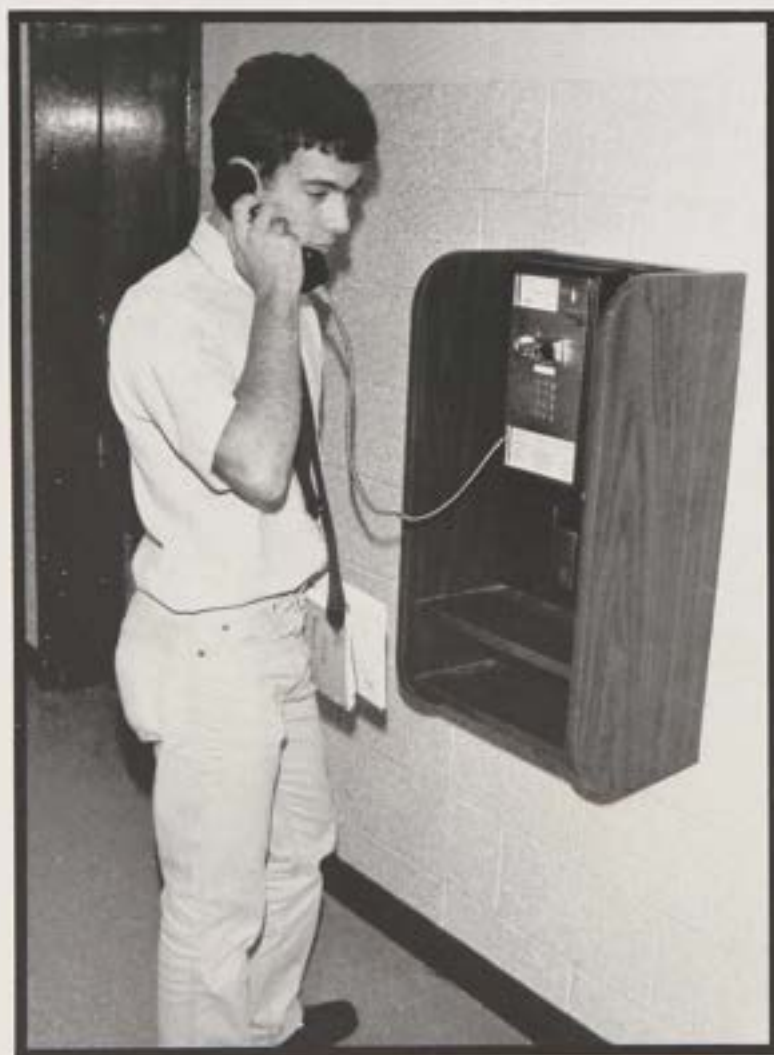

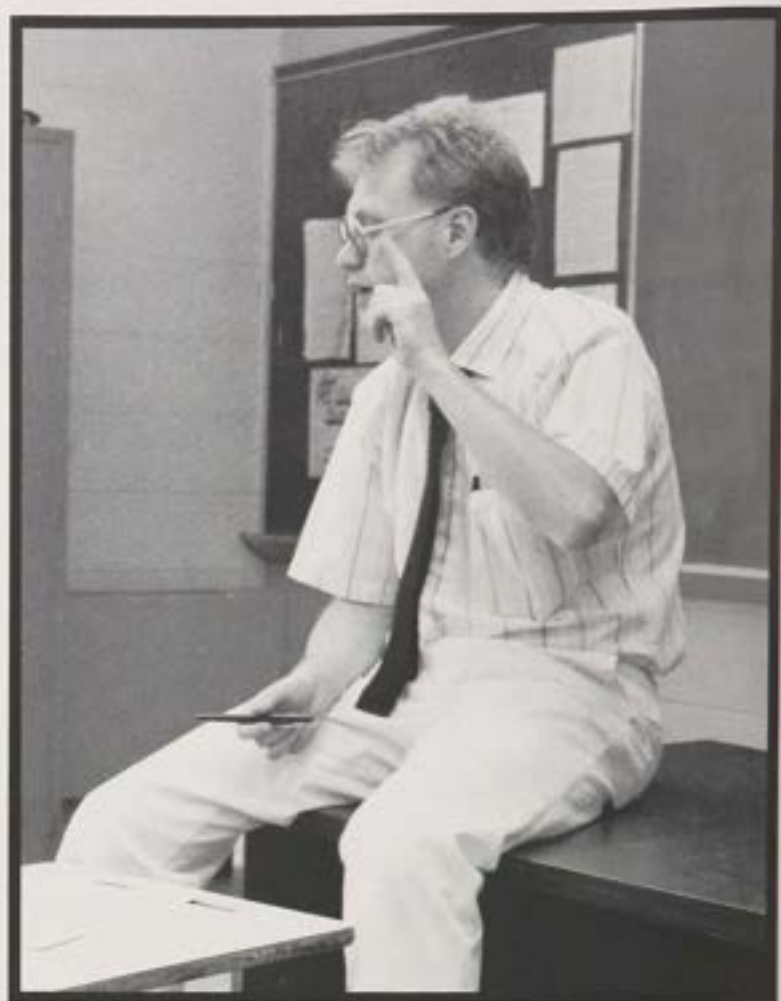

**John Baptist de la Salle**

*Wise men say that the heavens and the earth, gods and men, are bound together by fellowship and friendship, and order and temperance and justice, and for this reason they call the sum of things the "ordered" universe, my friend, not the world of disorder or riot.*

*We came to C.B.A. unsure of what we would find, but with great expectations. What we found was a school that emphasized the totality of human life — physical, spiritual, intellectual, social.*

*What we found was a community of...*

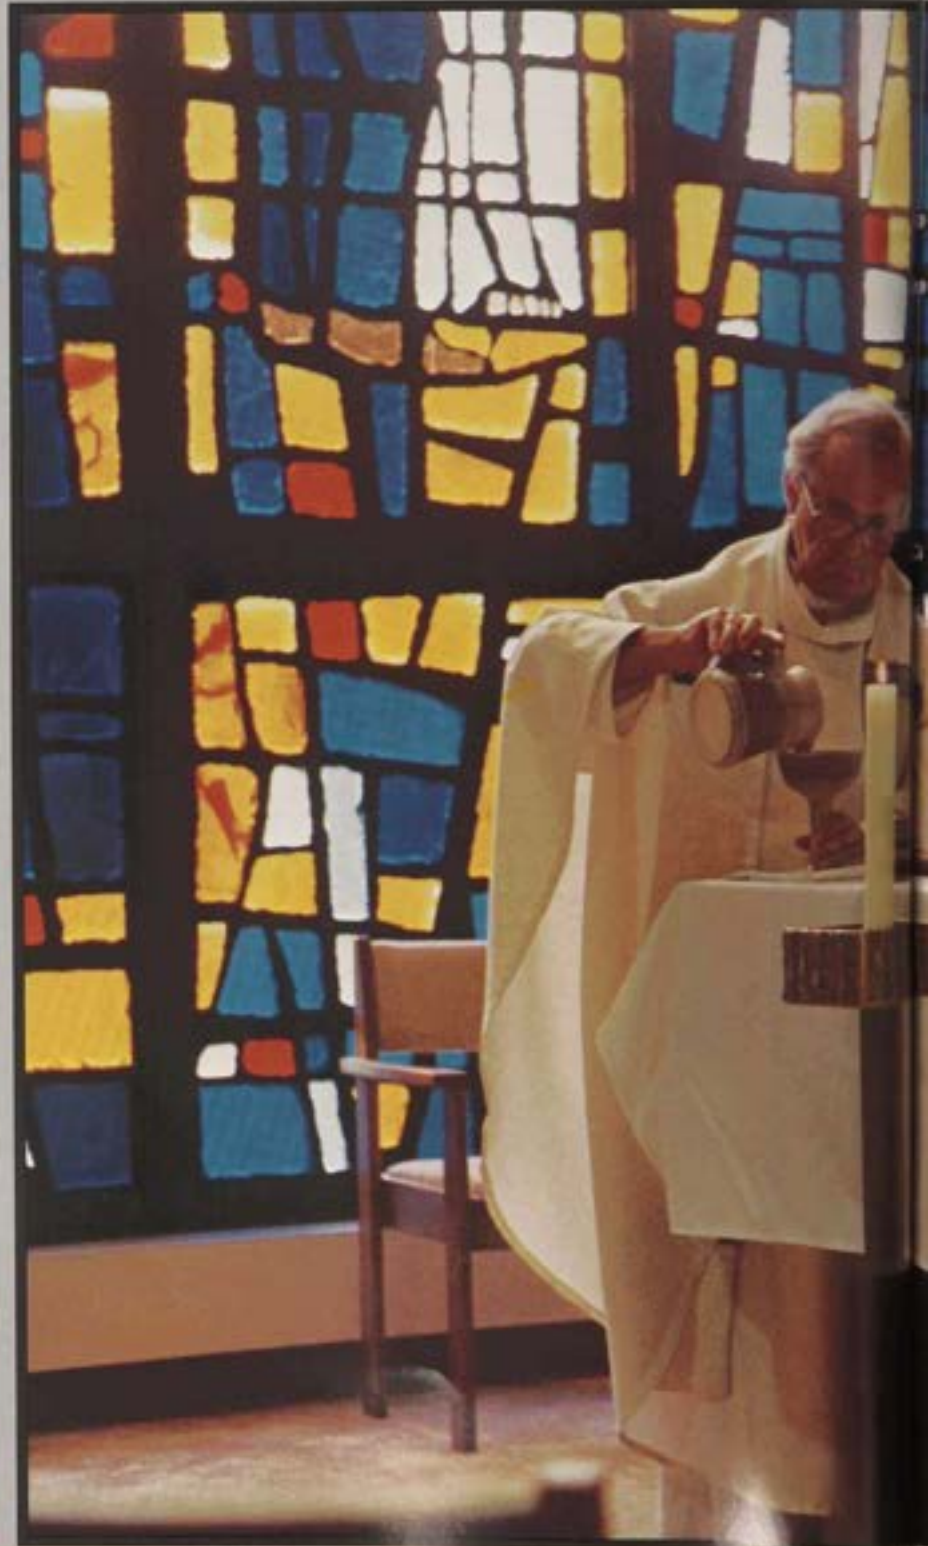

*friends and individuals —*

*We came to C.B.A. and found ourselves as just faces in the crowd. But we were soon taken in, never to be alone again. We developed relationships, some of great depth and some that just touched the surface. We developed as individuals. Each with his own abilities, interests, priorities, and morals. And yet we had so much in common. As the years passed, in a frantic blur, we came to know ourselves and everyone else in the process. We now dwelled in the true sphere of existence at C.B.A. That initial crowd became a family and those unknown faces became our own reflection. We shared four years together, years that we were not likely to forget.*

*You, then, are the  
body of Christ.  
Everyone of you  
is a member of it.*

1 Corinthians 12:27

*Don't go where  
the path leads.  
Rather go where  
there is no path  
and leave a trail.*

*learning and knowledge —*

*We were in the dark, anxious and yet afraid. We were soon to be educated in the growth and proper exercise of freedom and responsibility. The things we learned not only affected us as students but they affected the very heart of our lives as Christians. We were exposed and unprotected. Our childhood notions of reality were destroyed. But our world was rebuilt and restructured through the philosophy of life exemplified by the Christian Brothers. As individuals we sought and found growth and fulfillment through the development of all our faculties.*

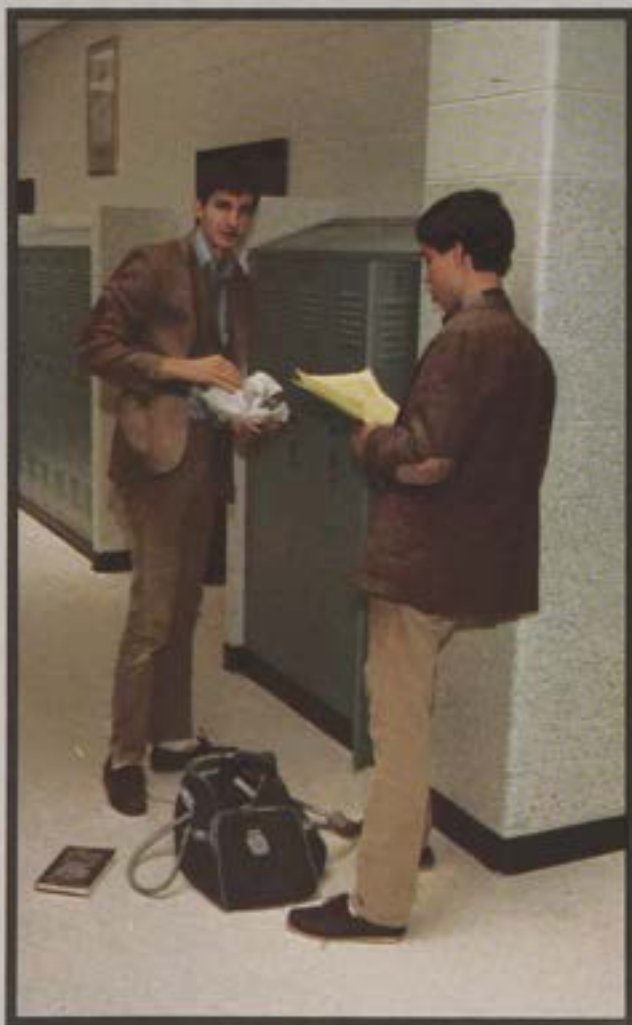

*caring and guidance —*

*We walked the halls not sure of our future or of our destination. Soon enough we found and appreciated the faculty. They were at our disposal for direction and consultation. The faculty was founded on years of tradition and dedicated to service, leadership, education, and caring. They gave support and shared with us their interpretations of life and the world. Because of this influence, we advanced intellectually and spiritually. We were set on our course and we were never alone. We know where we stand and we aim to succeed.*

*The thrill is not  
just in winning,  
but in the courage  
to join the race.*

*What appears to be the end,  
may really be a new begin-  
ning.*

Be your own person  
but always remember

... you are a  
part of C.B.A.  
first  
last  
always

## FOCUS: SOPHOMORE RETREAT

The Religion department offers to all sophomores a wilderness awareness retreat. The retreats are conducted by Jon Young and are held at Tatum Park in Holmdel.

During the retreats, the students learn about a wide range of subjects from edible plants to tracking deer to the affects of modern society on the local ecology. However, the main purpose is to help them to get in touch with nature as a primary focus of a creation-centered spiritual focus. They are given approximately an hour to sit alone in silence to reflect and meditate in a wilderness setting.

The unique retreat provides an invaluable change for a student to regain contact with his feelings and to increase his awareness of the world around him. The natural setting further enhances the spirit of the retreat.

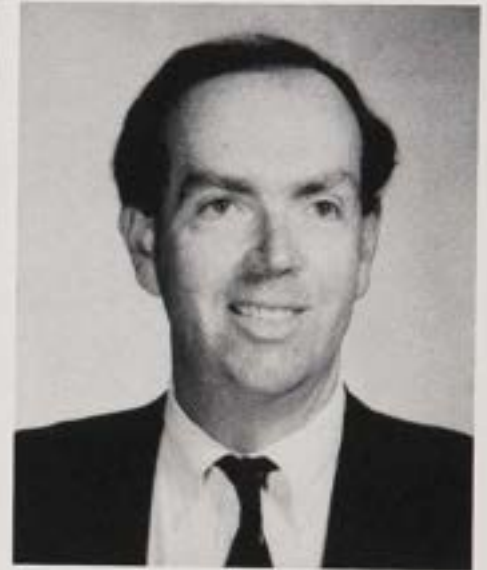

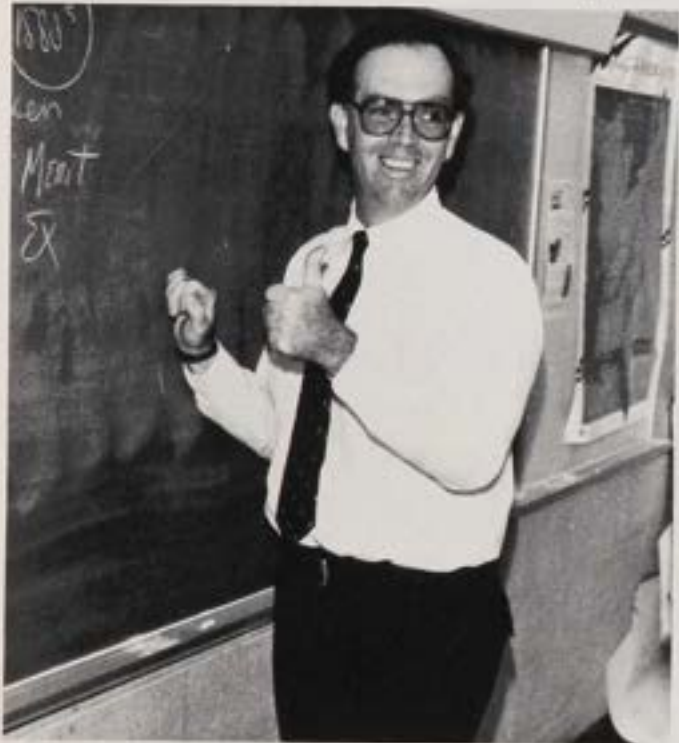

# SOCIAL STUDIES

## FOCUS: AP EUROPEAN HISTORY

One of the most demanding courses offered at the Academy is AP European History. The class taught by Brother Gregory consists of three students: John D'Arecca, Kevin McKenna, and Bob Park.

The students have the responsibility to understand and evaluate the chronological reasoning of important events in European History. They also submit weekly argumentative essays based on class discussions and outside readings. According to one of the students, "I appreciate the challenge of this class. The class is small making the discussions more lively and interactive and the pace of learning greater. I respect this course because it stresses thought rather than memorization."

CBA MATH DEPARTMENT  
COURSE OFFERINGS

↑ ADVANCED COURSES  
\* REQUIRE A PLACEMENT TEST

REGULAR COURSES

FOCUS: VARIETY OF  
COURSE OFFERINGS

"In one given grade there are students working on four different levels of math", according to Brother Christian Jones, chairman of the math department.

Before entering the academy, those students who had Algebra I in eighth grade may take a placement test and enter into Geometry or Geometry/Algebra II in their freshman year. By the time they reach their senior year, these students may have advanced to A.P. Calculus II.

Each year students may choose between four, sometimes 5 different math courses. Naturally the course level depends on the students performance in the previous year.

The flexibility and wide range of courses is helpful to students who wish to pursue a math-related major in college.

The newest addition to the Foreign Language Department is the German tutorial, taught by Mr. Navarra. It is called a tutorial because it only meets twice in a six day cycle, requiring the students to do a lot of independent study.

There are only six students participating, which is to their benefit. This gives Mr. Navarra the opportunity to provide greater attention to each student.

The phase 3 course is limited to only well motivated students who have a desire to learn the language. Of the six students, five are underclassmen. Mr. Navarra received his Masters in German from Columbia University. He taught German for six years at Seton Hall.

## Focus: Journalism

"... So you want to be a reporter for the New York Times?"

Well the best place to start is in Mr. McKenna's Journalism class.

The students who take the class are involved in the production of the Academy Torch. They develop techniques in reporting, interviewing, and layout work. The class is responsible for all aspects of the school newspaper.

The members of the class are given valuable experience and training in the field of journalism while they work on the publication of the Torch.

## FOCUS: THE NEW PHYSICS LAB

At the end of last summer, the Physics lab underwent a radical facelift. The old desks were replaced with new "electronic" ones. The "electronic desks", valued at approximately \$200,000 were donated by New Jersey Bell.

This equipment will supplement the use of computers in the Physics curriculum which began several years ago. Its use will enhance the electronics portion of the Physics course, making things easier on the students.

Brother Henry is planning to develop several electronic-related labs and possibly an electronics course for seniors in the future.

# GUIDANCE

## Focus: "The College Game"

"What's the average SAT score at that college?"; "Does this college require Achievement tests?"; "How far away is it?"; "Are Freshman guaranteed on-campus housing?"

Seniors are faced with a difficult as well as very important decision — choosing the right college. You want to pick the college that is right for you. Does it offer a program in your prospective major? Does it have a good intermural program?, and so on. We are lucky to have the guidance department to help us along. Under the direction of Brother Peter, it is staffed by Brother Amedy, Brother Dan, Brother Camillus, Brother Henry and Mrs. Bracken.

Students are allowed to visit the office any time during the day to look through the hundreds of catalogs and bulletins. A student may also set up an appointment with one of the counselors to ask questions or just talk.

## FOCUS: THE GROWING USE OF COMPUTERS AT C.B.A.

When computers were first introduced to the academy several years ago, it was mandatory that all sophomores take the same level computer course. However, this year students may choose between phase 3 and phase 4.

When the computer lab was moved to the new wing, all the computers were replaced. The new lab is constantly being updated with the installation of new Commodore equipment. Future additions include Apple and IBM compatible machines.

Br. Henry has taken notice of the growing number of students and teachers alike taking advantage of the lab for processing and various assignments.

## Ron Boro 1935-1986

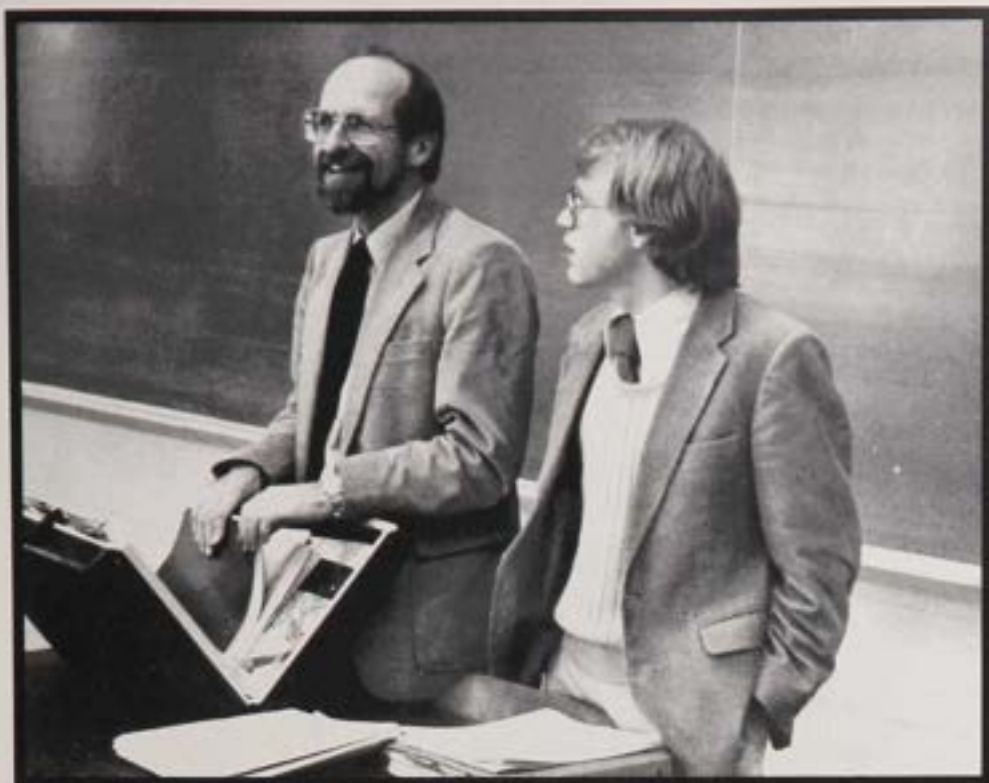

I have had the privilege of knowing Ron in many capacities over the years: as colleague, as friend, but above all else, as teacher. It is that relationship which I treasure the most. Ron taught me religion while I was a student here nearly ten years ago. It is Ron Boro — Mr. Boro — my religion teacher, whom I remember with you this evening.

Ron was an excellent teacher — an excellent *religion* teacher and for Ron that specification was crucial. Ron looked upon his work in the classroom as a way of witnessing to the Kingdom of God. Teaching, for Ron, was a ministry and those of us in his class sensed this. His commitment and dedication have left a lasting impression on the countless CBA students he touched during the many years he taught in this very building.

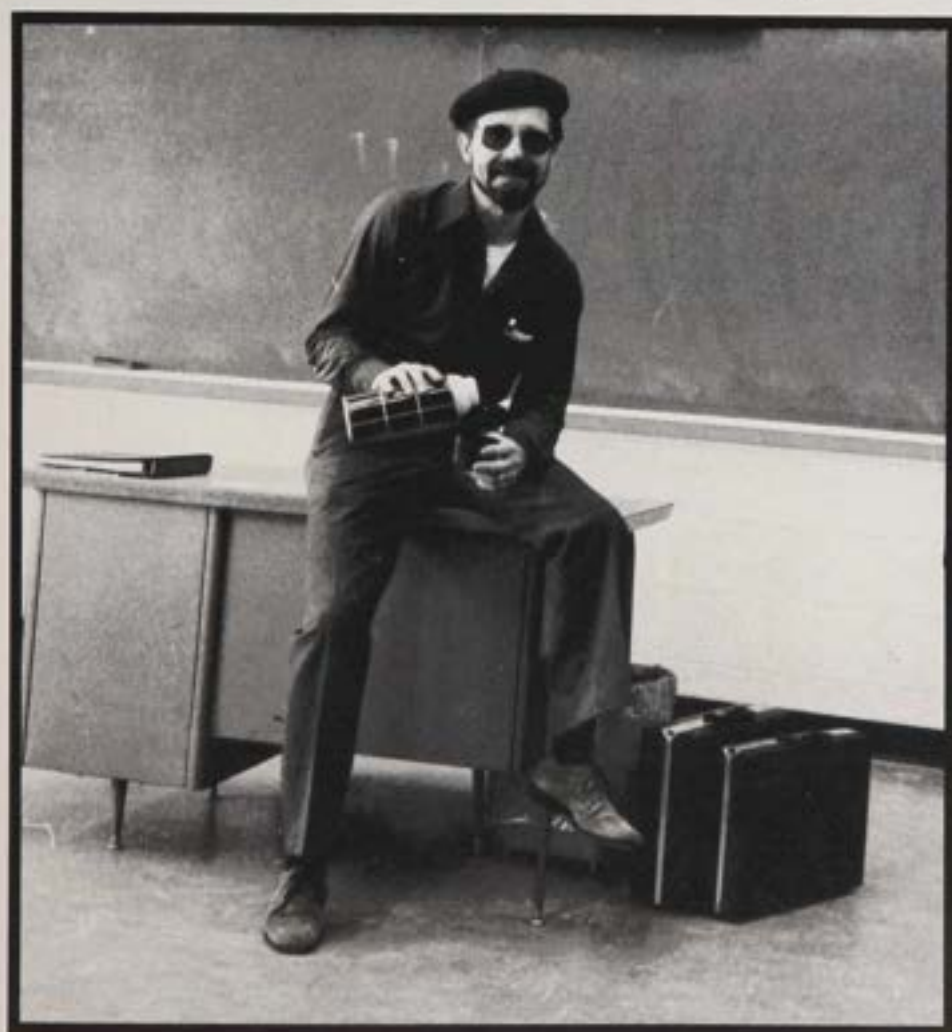

What greater gift can a teacher give his or her students than a love of the subject being taught? I most especially thank Ron for that gift which he gave me. Above all else though, Ron wanted to impart to his students a lasting sense of the relevance of Christianity for our lives. Christianity, Ron insisted, was not simply a set of doctrines or debates carried on by a privileged few. The gospel message was much more than that. It reached down into the very depths of each believer and proclaimed loudly and boldly that "Christ is risen!" It involved not merely the mind, but the heart as well. Christianity, for Ron, was a source of joy and hope. It announced to the world that God's love conquers all adversity.

Ron took seriously the belief

*I have fought the good fight,  
I have finished the race,  
I have kept the faith.  
From now on a merited crown awaits me;  
2 Timothy 7-8*

that God's Spirit is a lifegiving Spirit. It is this Spirit at work in the heights and depths of our lives which provided Ron with hope during his long struggle with cancer. It was that Spirit which made him an energetic and animated teacher. Ron loved teaching and we as his students saw before our eyes a man filled with abundant life and enthusiasm. He challenged his students to see clearly the truth which he himself embodied; namely, that the spirit gives love. Ron's persistent optimism was grounded in the belief that our God is a loving God whose concern is the well-being of all His creation. With that assurance, Ron challenged us to see the world as a place filled with opportunities to imitate God's universal love and concern. Ron emphasized that Christianity not put into practice is no Christianity at all. As a student of Ron's one could not help but see a man aware of both the demands of Christianity and the hope of Christianity.

Ron lived what he taught. His teaching and his life both gave testimony to his faithful commitment to our loving God: a God who raised His son and showed the world that suffering, pain, injustice, and even death do not have the final word. Through his life and teaching, Ron proclaimed *the* message of Christianity: love will conquer hatred, trust will conquer fear, hope will conquer despair, and eternal life will conquer death. To that, with Ron, we say "Amen."

# CAMPUS MINISTRY

*Campus Ministry* assists the Religion department in providing for the spiritual, psychological and social needs of the community. The primary focus is the religious growth and development of each of our students. We attempt to accomplish our goal through opportunities for Worship and Prayer on significant occasions. Through the Retreat Program the students are helped to realize their significance in relationship to school, family, and the world community. It is also the goal of the Campus Ministry Program to share the talents of faculty and students together to assist in prayer and in the education of the community about the moral and social problems of our world.

# REAL MAN'S CLUB

*OFFICERS: Chris Driscoll, Mr. Joseph Fili, Edwin Crooks*

The Real Man's Club of C.B.A., Lincroft, New Jersey is an organization of senior students who are drawn together by the common desire to help feed the hungry children of the world. The name of the club reflects the attitude which RMC members hold dear to their hearts: It is the real man who feeds his children, it is the real man who brings home the bacon. The members of the Real Man's Club state this in bold and no uncertain terms: *We will feed the children.* No real man has any other choice.

## *DUTIES OF THE OFFICERS OF THE RMC*

**DUTIES OF THE PRESIDENT:** To set a stellar example for his fellow students; to lead the way in demonstrating the most efficient ways of accumulating violations; to aid and abet his fellow students in their efforts to participate in club activities; to council with those students who seem unable to grasp the meaning and goals of the club, and to assist those same students in achieving membership.

**DUTIES OF THE VICE PRESIDENT:** To assist the President in his efforts to promote the expansion and philosophic goals of the club; to assist the President in setting a proper and spirited example for his fellow classmates; to overtake the glory should the President be found incompetent, inept, criminally negligent, or absent.

# GO CLUB

*Go* is an ancient board game which takes simple elements—line and circle, black and white, stone and wood—combines them with simple rules and generates subtleties which have enthralled players for millenia. *Go*'s few rules can be demonstrated quickly and grasped easily. It is enjoyably played over a wide spectrum of skills. Each level of play has its charms, rewards, and discoveries. Beyond being merely a game, *go* can take on other meanings to its devotees: an analogy for life, an intense meditation, a mirror of one's personality, an exercise in abstract reasoning, or a mental "workout". But most important for all who play, *go*, as a game, is challenging and fun.

# CHRISTIAN SERVICE

Christian Service — Learning, a two-semester senior option in Religious Studies, affords the Senior an opportunity to put his faith into practice, to reflect on his experiences, and thus to realize the spiritual dimensions of human services. Involvement in the process also helps the student to arrive at meaningful self-knowledge. The following quotes from the Class of '87 reflect some of these realizations:

- To me, *Christian Service* means . . .
- a more interesting way of learning and showing our faith
  - carrying out God's idea of help
  - helping other people without a selfish attitude
  - growth
  - dedication and caring towards others
  - helping myself by helping others
  - sharing
  - deepening our faith
  - a balance between Christianity, service, and learning

**HOSPITAL VOLUNTEERS:** *Top Row: Leonard Wierzbicki, Timothy Shea, Robert Park, Leo McMenimen, Carmen Desheplo, John Sullivan*  
*Bottom Row: John Kelly, John Fortunato, James Flaherty, Charu Chaubal, Martin Teevan*

The people I serve have helped me to realize that . . .

- I can make a difference
- a little help can mean a lot to those you serve
- it really isn't hard and time consuming. As a matter of fact, it's fun
- I am special
- I am a part of their lives
- I can change moods
- everybody has potential
- they too are God's children, just as much as we are
- I can make a contribution

*My brothers,  
 What good is it to profess faith without  
 practicing it?*

*James 2:14*

The most meaningful aspect of *Christian Service* is . . .

- reflection
- helping others who need it and appreciate it
- helping others realize their importance in the world
- the chance for growth
- learning about others
- the people "with whom and to whom" I serve
- the looks on the children's faces when you play with them
- the smiles you receive in thanks
- knowing that I've helped others and myself

To be a *volunteer* is to be . . .

- a harbinger of hope
- special
- needed
- understanding
- willing to sacrifice
- a good Christian
- a contributor

# SOPHOMORE RETREAT

The sophomore retreat was a great success this year. Students met with Jon Young at Tatum Park where they learned tracking and stalking techniques. The program was designed to increase the students' awareness of the environment in hopes that they would develop a greater appreciation for mother earth.

# ALUMNI RUN '86

1986 marked the fifth running of the C.B.A. Alumni Run. This successful event is intended to bring alumni, family, and friends back to the Academy for a day of fun. Usually 500 runners compete in both the one and five mile runs. Entire families can also participate in the one mile walk. Being one of the noted events in the area, many of the prominent runners from the area participate. A picnic and awards ceremony follow the run. Money raised by the run has been donated to various charities including Covenant House and cancer research. Mr. Anthony Chesney, the run's founder, continues to serve as its director.

While strolling through the grounds of CBA, one can't help but notice the diversity of the buildings which encompass the campus. From the old country atmosphere that the old buildings such as Henderson Hall convey to us to the dynamic new architecture of the new wing, there is a continuing evolution involved in appeasing the needs of this ever growing community. The rapid expansion that has taken place in just over a quarter of a century shows the spirit of achievement exemplified in the academics and athletics of CBA.

# FATHERS' CLUB

The Fathers' Club of Christian Brothers Academy was founded for two purposes: to create a spirit of comradeship among the alumni, fathers, and friends of C.B.A., and to be of financial assistance to the Academy. They hold regular meetings to increase interest in the Academy and its academic standing in the community. This organization sponsors an annual Dinner Dance with a Cadillac raffle, the proceeds being turned over to the Academy. A Father and Son Communion Breakfast bring the men of the family into close union with the religious dimension of C.B.A. Each year the Fathers' Club organizes a variety of functions to provide the opportunity for social exchange to members and staff. In addition, the men of the Fathers' Club help out with supervision at many athletic events and various other functions.

# WOMEN'S GUILD

The Women's Guild is an organization of mothers and friends of C.B.A. The financial goals are achieved by sponsoring an Annual Luncheon and Fashion Show in October, an Art Show in February and a Wine and Cheese Party in March. Services rendered by Guild volunteers consist of staffing the Nurse's Office, publishing the Newsletter, providing chaperones for school dances and hosting and assisting at several in-school socials and academic receptions. Membership is open to all women who are interested in promoting the stated purposes of the Guild.

# VARSITY SOCCER

The 1986 Colts once again had a very successful season, compiling a record of 14-4. They defended their A-North title for the fourth straight year with wins over tough teams like Middletown North, Neptune, and Ocean. The offense was led by Steve Raffellini and Chris Maltese. They combined to score a total of 24 goals. Captains Rob Dobilas and Tom Sabo both had excellent seasons as they inspired the team to another successful campaign. Against St. Rose in the state semi-finals the team gave their all but came up short. In closing, the team would like to thank the school for its support this season.

## 1986 Cross Country

The 1986 CBA Cross Country team once again compiled a story book season. They dominated both the Shore and State track scenes. Not only did they win all of their dual meets to lengthen the streak to 139, but they also took first place at every major invitational that they competed in, including the State Championship. At the end of the season the Colts were ranked number one in the state and they had seven runners named to the All-County squad.

The 1986-87 CBA Basketball team has kept up the winning tradition of CBA Basketball with what might be the best season in the school's illustrious history. The Colts simply dominated teams from New Jersey, including a big win over North Jersey power, Ferris of Jersey City. Besides winning the 500th game in school history, the Colts won their 4th consecutive Holiday Jubilee and their 5th straight A-North crown. The biggest challenge for the Colts this year was the King Cotton Classic in Arkansas. The Colts finished 4th in the tournament, which features the top teams in the country. Here the Colts flirted with immortality as they fell just short of beating Flint Hill Prep of Virginia, the top rated team in the country. The '86-'87 Basketball team will always be remembered as one of the best teams to play at CBA.

The 1986-1987 Ice Hockey season was one of disappointment for the Colts. Due to a lack of man power, early season injuries, and the difficult A-Division opponents, the Colts struggled to finish with a record well under the five-hundred mark, which completely negated chances for the Colts to participate in the State Championship Tournament.

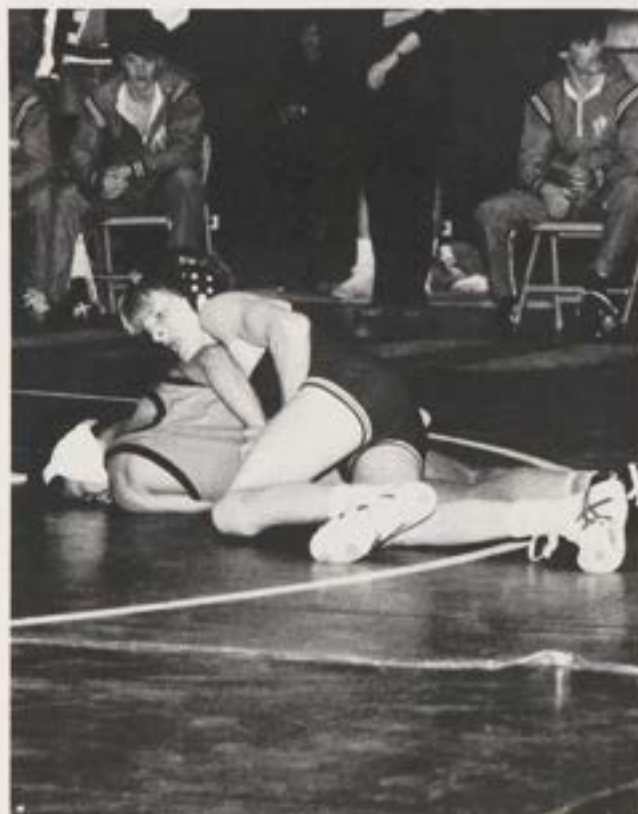

Brian Riddle, a senior center, broke his hand in the fourth game of the season. After missing the next eight games, Brian returned for only three more before re-injuring his hand. The loss of Brian left the season in the hands of the two remaining senior captains; Bayley Davis and Dave McDonald. Seniors Jim Ryan and Gene Barkey also had productive seasons for the Colts. Underclassmen who contributed to the teams shining moments were juniors Mike Verdon, Chris Caggiano, and Keith McGregor along with sophomore Mark Fitzgerald. Peter Barkey had an up and down year in the net, but will be back next year to anchor the Colts in that key position.

The Colts wrestling team recorded wins this season over Holmdel, Mater Dei, and Manasquan. For many teams this wouldn't mean much, but the Colts compete in the tough A-North division and have one of the tougher schedules in the Shore. The Colts featured a powerhouse lower weight lineup consisting of Mike Eyester (108), Scott Eyester (115), Phil Dimitri (122), and Mike Santamaria (129). The team suffered from inexperience in the upper weight classes, which resulted in losing some close matches. Regardless of their record, the Colts have shown that they possess some excellent wrestling talent.

CBA has a reputation of dominance in many sports. Baseball, however, is not one of the sports in which CBA has consistently excelled in. This year all that might change. Mr. Kenney and his Colts expect to take the Shore Conference by surprise and have a banner year. With the loss of only two seniors from last year's team, the 1987 Colts have to be one of the most experienced teams in the Shore. The Colts have tough competition but with their dedication and experience they hope to win A-North and make a run at the state championship.

**LEG MEN: TOP:** Mike Shea, Ray Finn, Bill O'Neill, Dave Stonebreaker, Sonny Smith, **Bottom:** Rob Bennett, John Coyle, Coach Heath, Todd Lippin, Brian Fitzgerald, Mike McDonnell, Bob Park, Matt Mitchell, Jim Sims, John Gaffney, Kevin McKenna, Chris Chiappetta

**WEIGHTMEN:** Marc Dowdell, Bob Therese, Tom Patten, Paul Battista, John Reynolds, Dave Majewski, Ted Sabarese, Sonny Smith

The 1987 C.B.A. outdoor track team should dominate the track scene. With a powerful distance team, talented sprinters, and strong weight men the Colts should be the best team in the Shore once again. Under the guidance of Mr. Heath, Mr. Maier and a new face in the crowd, Mr. Duh, the team looks forward to the Colonial Relays and the famous Penn Relays. The team is setting high goals for what seems to be a promising season.

Tennis has long been one of the most successful sports at CBA. The Colts have won many State and Parochial titles and have long dominated the Shore Conference. The 1987 Colts expect this season to be no different. Returning players Eric Scharpf, Mike Reisinger, Chris Gambino, Drew Smith and Rob Saxton provide the team with a solid foundation. Coach Dan Keane expects the team to again overwhelm the Shore and bring home yet another State Championship.

# GOLF

This year's golf team promises to be one of the strongest in school history. The Colts, led by seniors Jim Ryan, Pat Egan, Brian Riddle and Ron Kelleher, should again be a major force in both the Shore and the state. Dennis Shea, Rick Henn, Chris McHeffrey and Greg Wagner provide additional depth to the team. Coach Brother Andrew, who will be assisted by Brother Henry, is looking forward to a great season and the State Championship.

# THANKS . . .

*YEAHH! It's all over and I can close the doors for the last time. But before I go, I would like to thank all those who helped make this year's PEGASUS what it is today.*

*First, I would like to thank Mr. Walter Hrycenko the Faculty advisor, for always supporting and nagging us. I would also like to thank Mr. David Schofield, our publishing representative from the Delmar Printing Co., for his never-ending patience and his "big bucks" expertise. Dave loved working with the staff and made certain that every page was perfect. I must not forget our professional photographer, Mr. Michael Mazzochi of Portraits by Michael. His expert photography is displayed throughout the book and his work made our job that much easier.*

*Without a dedicated and responsible Editorial staff the 1987 PEGASUS would have never been completed. I am especially grateful to Chris Resh, Assistant Editor, for his time and consistent effort. His sense of humor and relaxed attitude contributed a great deal to the book. I must also thank the man behind the scenes, John Toolan. As Photography Editor, John played a major role in creating the many pages of the PEGASUS. He loves his work and his photography is a true reflection of himself.*

*Brian Molinari, Sports Editor, created an eye catching portion of the book. His concern and skills live in every page of his section. Anthony Ieronimo and Eric Scharpf*

*worked together to create the Senior Section. Tony was easy to work with and his optimistic attitude affected all of us. Eric's experience and overwhelming expertise helped put the finishing touches on the section that reflects the images of the Class of '87. Thanks.*

*I also owe thanks to the other Section Editors as well. John Halpin, Activities Editor, used his creative skills to complete one of the most involved sections of the book. John Gallagher, Underclassmen Editor, worked quickly to create a memorable section. Finally, I would like to thank Chris Steger, Faculty Editor, for his dedication and promptness. Chris captured the section that reflects our faithful and concerned faculty. I would also like to say thank you to Kevin Fallon who contributed his writing skills. And my sincerest thanks to my large and loyal staff.*

**THANKS MOM. THANKS KATH. THANKS GUYS.**

*As I close the pages on yet another yearbook, I hope that the 1987 PEGASUS has captured the spirit and memories of the Class of '87. In closing, I would like to address this statement to everyone:*

*Remember . . . you are a part of CBA*

*first  
last  
and always*

*And so now I must leave the place . . . where no man stands alone.*
