## **Christian Brothers Academy**

**850 Newman Springs Road

# 4

## THEME

*We were chosen to enter Christian Brothers Academy because we were able to meet the challenging demands of the river of life. The privilege was bestowed on us and by our graduation we give back to those who gave to us. We are a few good men and as we leave C.B.A., let us take that pride with us.*

# 10

## SENIORS

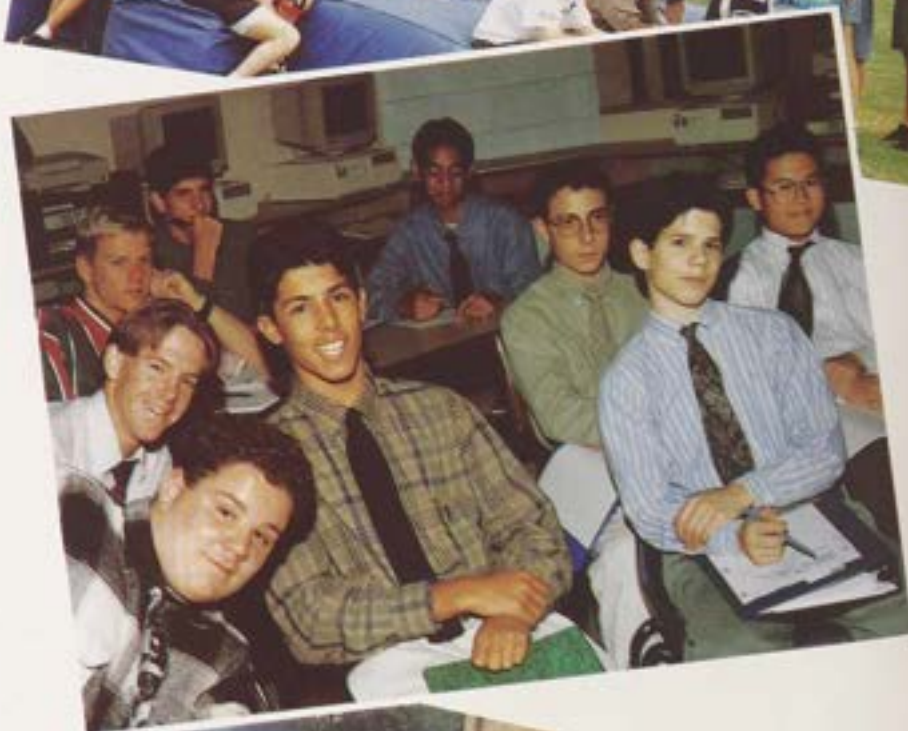

*The river has finally found its way through the winding and twisting mountains of challenge, and has arrived at the ocean of diversity. The Seniors of 1995 have also successfully completed the challenge of CBA and will now accept the new challenge – life.*

# 48

## UNDERCLASSMEN

*Without the support of the river bed, there would be no river. So is the case at C.B.A. – without the underclassmen, there would be no school. They have accepted the challenge at C.B.A. and are beginning to earn their right to participate in the La Sallian tradition. May they also use their talents in the way God designed.*

# 84

## FACULTY

*Hydrogen and oxygen constitute the basic make-up of the river's water. If you separate the two, the water disappears. The faculty at C.B.A. constitute our principle make-up. They have given us so much knowledge and guidance that it will be difficult to give back an equally generous gift. It can be safely said that our graduation is the best gift we can give. Thank you, members of the faculty, for all you have done. We greatly appreciate it.*

# 106

## ATHLETICS

*Rapids are an integral part of the river – they allow it to challenge itself in courageous feats. So it is with the sports program at CBA. It allows us to vigorously show our athletic abilities and demonstrate our spirit of competition. We advocate sportsmanship and fair play because without them, the game means nothing.*

# 134

## ACTIVITIES

*The river not only generates electricity for the power plant, but also serves many other purposes. At CBA, we have been given a purpose – to be the best we can be. This is made possible by our success on the intellectual level as well as on the extra-curricular level. Activities allow us to express our God-given talents with others.*

# 158

## STUDENT LIFE

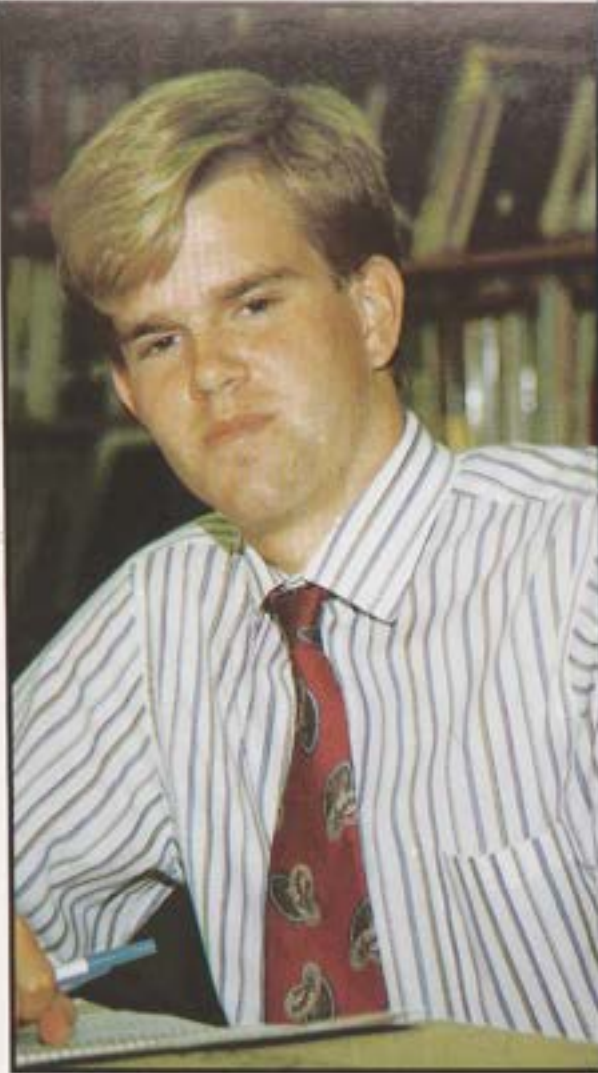

*The river is not one continuous flow of water – several tributaries contribute to its overwhelming magnificence. At CBA, we hold academics as our first priority, but maintain a well-balanced lifestyle by involving ourselves in a variety of activities that make the community proud of us.*

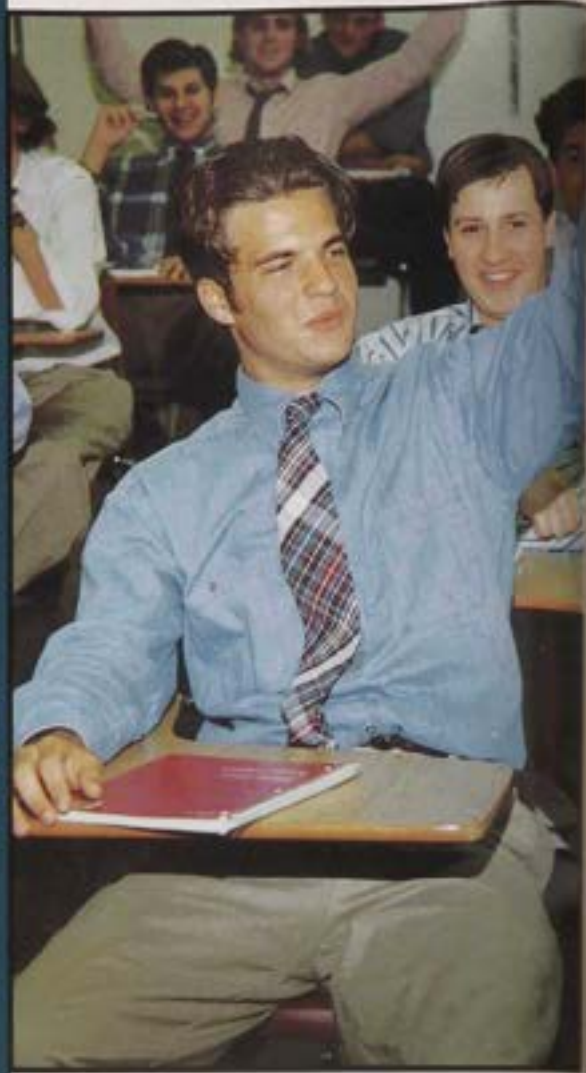

# 174

## DIRECTORY

*The river ultimately winds its way to the ocean where its water spreads in different directions. We have now reached that stage in our journey – it is time for us to move on. We thank all those who have helped us on the way and we will never forget each other.*

## A Few Good Men

**W**e came through the doors for freshman year with a shadow of doubt following close behind. We all prepared for the first day by looking sharp, getting supplies, and pretending that we knew what was going on. We assumed that it was just another day in the life of another school. But did we think about why we alone and not everyone else walked through the doors? What were the factors involved in our selection to Christian Brothers Academy? Was it our performance on the intellectual level or perhaps our ability on the playing field? Why were we chosen? St. John

Baptist de La Salle tells us why: "Work for the Church according to the talent which is special to yourself." Each of us possesses a talent which no other person on the face of the earth can ever match. God created each of us for a special purpose. We were chosen to enter Christian Brothers Academy so that we could use that talent to help others and have others help us.

For the past four years, Christian Brothers Academy has fostered and shaped our

growth into men of exceptional caliber and integrity so that we, in the La Salle tradition, can continue to grow and share our Christian talent with everyone we meet. The faculty and administration had faith in us since the very beginning, which was why we were selected to uphold the ideals and beliefs of Christian manhood. By using our God-given talent, we have helped ourselves and others to make the community proud of having a school like Christian Brothers Academy.

*During freshman year, we were just learning how to uncover our hidden talent. In sophomore year, we discovered what we were to do with that talent. Last year, we learned why we were given that talent. This year, we put that talent to work so that we may leave Christian Brothers Academy and bring that talent with us in all our future endeavors. Without the help of our special faculty and administration, we may never have discovered that we have talent. It can be*

*said that everyone in the world has talent, but everyone in the world does not attend Christian Brothers Academy. Are we more talented than everyone else? Answering that positively would be negative. Then what is the difference between the few good men that attend C.B.A. and everyone else? The answer lies within the river of life. This river begins in the mountains of diversity where the water is filled with all kinds of different things. Eventually the river*

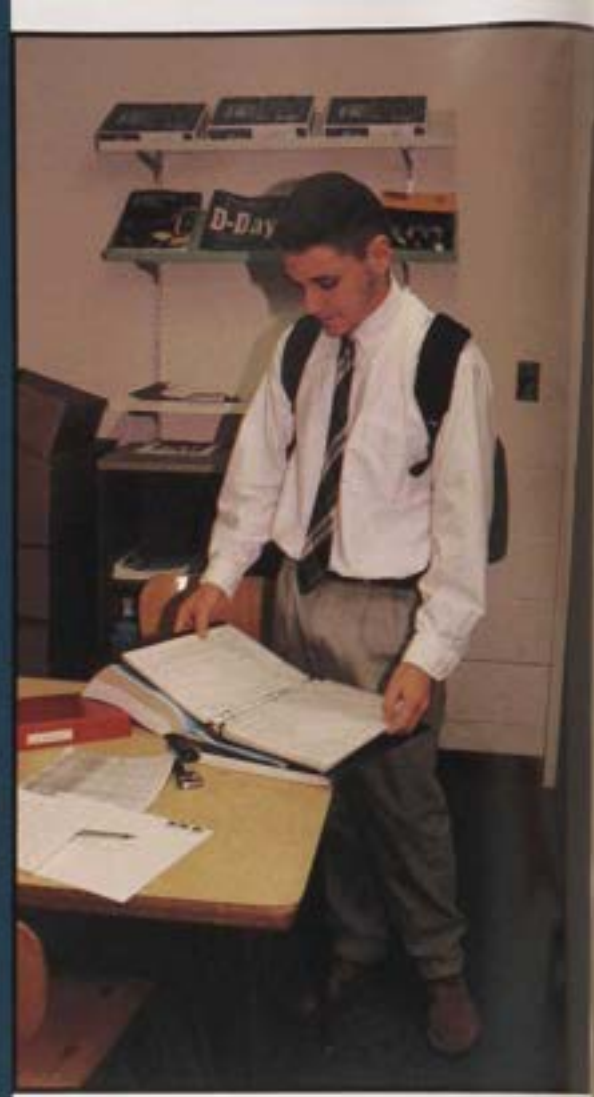

*goes down the mountain and picks up some speed. As it is going down, it twists and winds through many obstacles. Some of the water splashes out of the river because the curves and twists are too much for it to handle. But the rest of the water goes on. The river eventually comes to the dam of challenge, where its speed is halted. Only some of the water can pass through the pores of the dam - the rest must remain behind. For the water that passed through, a whole new life awaits it. It will be used to fuel the power plant of life and make the world a safer place in which to live. At C.B.A., the*

*water of life blesses us all and continually challenges us to earn our right to its many gifts. By our successful graduation from C.B.A., we have given back to the people who gave to us: a triumphant quia pro quo.*

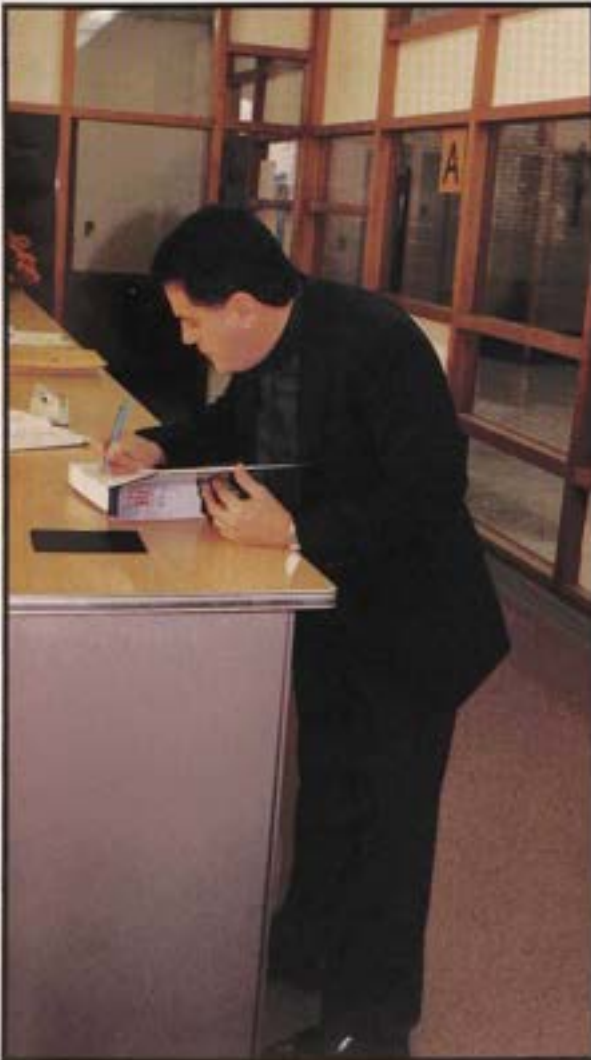

*The motto of Christian Brothers Academy is "Signum Fidei", which translates into "sign of faith". In the Gospel according to Matthew, it is written: "Many are called, but few are chosen." Only a few good men are chosen to be signs of faith and carry out the message of what it means to be a Christian. We are those few good men. When our few good men unite with the other few good people around our world, life is complete and fulfilling. Our few good men are only one river leading to the ocean of life. When all the rivers eventually merge in the ocean, the world is transformed into a nautical masterpiece of harmony with the waves of unity prevalent at the top. Our river may have ended, but we are still a few good men. Let us be proud of that and never forget it!*

# “In Your Eyes”

*BOTTOM: Jac in his glory.

RIGHT: Gaff unaware of the mysterious  
hand coming out of the couch.*

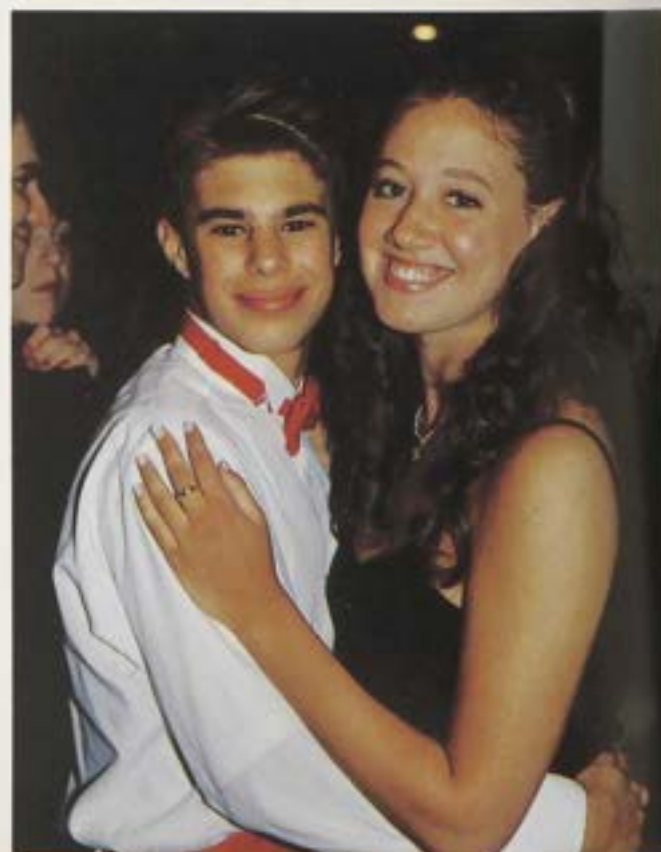

Weeks before this inevitable date, we scramble to find a date. We look for the perfect tuxedo, and we try to figure out how we are going to scrounge up enough money for our limousine. Each of us goes through this big production so we can have the perfect night on the town. As our limos pull up to the Warren Hotel, we all take a deep breath and hope this night will never end.

As we proceed to our tables, the aura of familiar faces and nicely dressed laces overwhelms us. We sit down for dinner and hope that we are eating in the proper manner. A sense of gentleman-like conduct pervades our actions and

gives us a sense of what being a young adult is really like. When we have finished the dinner, we migrate toward the dance floor. The dancing is incomparable to anything on earth. As the heads of our gentle dates rest comfortably on our shoulders, flashes of youthful innocence return and peace and happiness are in everyone's eyes. We then realize that when we are separate, we achieve nothing. Together we stand firm and welcome greatness.

Our theme, “In Your Eyes” by Peter Gabriel, is very symbolic to us in that we hope this night will remain in our eyes and in our hearts forever.

# GURU Peer Ministry

One of C.B.A.'s most unique and well-known programs is the G.U.R.U. Peer Ministry. Each year, 24 juniors are chosen by the senior GURUs to be the new GURUs for the following year. At the time of their selection, most of them knew only about the program from what they had deduced during their own freshman experience. Starting in the summer before the senior year, these future GURUs begin to learn the true significance behind the acronym G.U.R.U. which stands for "Give Us Religious Understanding". Preparation starts early as the 24 GURUs meet at St. Agnes Parish for an overnight retreat. Each GURU, led by Dr. Koch and Father Joseph Farrell, gets acquainted with the other GURUs and learns more about the program.

This program is designed to help both the freshman and the senior GURUs by establishing a communal environment. In such an environment, all members of the group are able to share their experiences and opinions, get to know each other, and develop a sense of belonging. The senior GURUs also meet frequently in a group session to seek a self-awareness that can only be attained through reflection on their experiences within the group and in their personal lives.

# Christian Service/Learning

**REFLECTIONS OF AN INDIVIDUAL:** Why Christian Service? During my junior year, I was very involved with my community and church through volunteer work. When I learned about the senior year course called Christian Service, I inquired about it. This course was just what I was looking for. The reason was simple: designating 2 hours a week to perform volunteer service for a certain agency, such as hospitals, "Latchkey" programs, environmental centers or local rescue squads, while living the message

of God. Eventually, I got accepted into the course, and since then I have realized that it is different from any of my previous courses in that the reward of my service will stay in my heart for the rest of my life. The rewards are small, yet powerful. I can touch the life of a stranger, make someone realize that he is unique in his way, or receive a simple smile from someone who previously didn't even respond to me. Little gestures like these make my experience in Christian Service a true mission.

# Senior Retreat

C.B.A. provides the opportunity for students to attend various retreats so they may place their studies on a temporary hiatus and begin to employ what St. Augustine called "introspection". Just as the level of difficulty of the studies increases, so does the level of intensity of the retreats. The Senior Retreat is the culmination of the previous years' retreats because during this one, the students are able to take a step outside of themselves and examine their inner consciences from an external vantage point.

Father Paul Weirichs conducts the Retreat for the Seniors. They arrive at St. Catharine's in Holmdel (the place from which they will eventually graduate) at 8:30 in the morning and do not return home until 5:30 in the afternoon. Because the focus of the Retreat is reserved for only the Seniors who are attending it, a summary of the days' activities cannot be divulged. However, it can be stated that the theme for this year's retreat was "Packing your Parachute" and this theme was expanded upon and was applied to the daily lives of the

Seniors. They arrived at St. Catharine's as spiritual novices — they left as pros of the inner self.

The Retreat is the most fulfilling aspect of the school year. It allows the Seniors to share their thoughts and convictions with one another and offer advice on related topics. The three aspects that Father Paul advocates during the Retreat are openness, honesty, and respect. The Seniors incorporate each of these aspects into their consciences and by giving careful consideration to their inherent meaning, the Seniors are able to employ introspection ("looking within"). By using this beneficial technique, the Seniors are completing the first requirement for being a good Christian: knowing themselves (as Socrates would suggest). They are then able to go out into the real world and complete the second requirement: helping others. By having the Seniors partake in such a wonderful experience, Christian Brothers Academy is rooting Christianity deep within the Seniors so that they may share this with all the people they meet.

**Brother Peter Mannion F.S.C.**  
Development Office

## In Recognition of 50 Years as a Christian Brother

Brother Peter Mannion received the habit of the Brothers of the Christian Schools on September 7th, 1944. He had been in the Brothers' Juniorate at Barrytown from September 1941. His career was marked by a profound dedication to his students in every apostolate that he was assigned to by our superiors. Whether it was teaching Latin and Religion in La Salle Academy or being the principal and director of our schools and communities at CBA, Syracuse, St. Joseph's, and West New York, Brother Peter was always a model who upheld the highest traditions of our Institute. Between all these assign-

ments, he was appointed with great confidence to our houses of formation first in the novitiate and then to our scholasticate in Washington, D.C. His genial manner and quiet approach contributed much to the training of our young Brothers, as well as to community living. His joyous laugh rings out daily to lift up our hearts. Peter Mannion is a joy to live with, and we wish him every happiness as he begins a new career working in our Alumni-Development Office.

Brother Andrew O'Gara F.S.C.

## In Recognition of Distinguished LaSallian Educator

Gregory Higgins is more than just a department chair. He performs those tasks as well as anyone - he can run a meeting with the best of them; he can mediate disputes within the department; he can help formulate curricula; he performs classroom observations, circulates material for updating, passes on the concerns of the administration, etc. But it's Greg's nature to go beyond the normal job description that makes him special.

Greg is **always** willing to listen to a

complaint, to offer advice, or to run down a solution to a problem. It's amazing that someone who does as much as he does (between his several teaching positions, his writing career, and his role as husband and father-to-be) always has time for his colleagues. He embodies what the Department he chairs is supposed to teach: Christian love and compassion.

## In Recognition of 25 Years of Service at CBA

If a name could be used to describe an individual who is caring, loving, and Christ-like, the name would be Ann Cokelet. Mrs. Cokelet has been associated with the La Sallian community since 1970, and this year marks her twenty-fifth anniversary working with Christian Brothers Academy. She is someone after whom we can model our lives because she places others' needs ahead of her own and strives to make C.B.A. a place of warmth and compassion. She religiously attends daily Mass here at C.B.A. each day.

Ann Cokelet is a gentle woman who

bends gracefully to adjust to the needs and desires of others. She really enjoys people's company and strives to do nice things for everyone. But when it comes to her work on the finances and business of C.B.A., she is very meticulous. She is perpetually punctual and cannot rest easily until the job is completed. For this reason, it is not uncommon to see her at C.B.A. working on her tasks on weekends and even holidays. She is the symbol of dedication and discipline that gives C.B.A. such a unique flavor.

*"Let your zeal be tangible evidence that you love those whom God has entrusted to you in this school. It is for you to give them the schooling and training that will enable them to become heirs of the plan of God, the Father, and of Jesus, his Son and our Brother."*

John Baptist de La Salle

**Brother Henry Mischuk F.S.C.**  
Computer Science Dept. Chairperson  
Blood Bank

## In Recognition of 25 Years of Service at CBA

Brother Henry Mischuk completes twenty-five years at Christian Brother Academy this year. The years have been fruitful ones: As a teacher he has personally touched the lives of thousands of students. As a department chairman he has fostered the education of many more.

Since Brother Henry joined the CBA, Lincroft community in 1970, he has served as the chairman of the Science Department and the Computer Department. He has also served as the faculty coordinator for the senior prom, organized the biannual blood drive, and ministered the Holy Eucharist at school masses.

Currently besides teaching BASIC Programming, Brother Henry administers the

school's information processing resources. This job requires him to maintain two computer networks, a formidable task.

But there is more to Brother Henry than his official duties. He likes to spend his off-time with his relatives in New York or Georgia, or visiting his beloved Poland. He is visited by former students who return just to see him. And six years ago he helped to train me as a teacher.

Brother Henry: on behalf of the entire CBA community, it is my pleasure to impact our Congratulations on this landmark occasion, and to thank you for your twenty-five years of service to the Lincroft community, to the school, and most of all, to the students.

Joseph Prioli

## In Recognition of 25 Years of Service at CBA

I'll never forget my first encounter with Tom Heath. I was a rookie teacher at CBA out watching my first cross-country meet. After several runners had crossed the finish line and the outcome decided, I saw this "maniac" with a booming voice go tearing across the baseball field toward one of the CBA runners. With about two hundred yards to go, Tom went face to face, stride for stride, all the way in, delivering an unforgettable critique for all to hear of the shortcomings of this particular performance. I was struck on that occasion, as I believe all who watch one of Tom's coaching performances are, by his incredible intensity and almost brutal honesty. But what I remember most of all of that first encounter is the rather surprising response of both the runner who was finishing the race as well as the other members of the team. Virtually no one seemed to react at all; to a man, they behaved in a "business as usual" manner.

For the longest time, I believed that this was the "real" Tom Heath, simply a person of unwavering directness and intensity. But after many years of coaching with Tom and many years of friendship, I have come to

realize what I suspect all of Tom's athletes understand all too well: that at the source of these outbursts is a man deeply committed to excellence and deeply committed to bringing out the excellence in others. And it is this intensity of dedication that at times spills over into the public arena and at times inaccurately characterizes the person we know as Tom Heath. But at the core, I think that Tom Heath embodies what Christian Brothers Academy is all about: the willingness to pay the price of excellence and the refusal to settle for anything less. And as we all know, the price of this pursuit can be very high indeed: no vacations, short weekends, late evenings, endless hours of preparation.

In the end, I believe that there is much more to Tom Heath than the familiar image of the bellowing cross-country coach who roams the hills of Holmdel Park. And it is regrettable that more people have not had the privilege of knowing what he does: Tom Heath is not only a great coach, but also a great teacher, a great parent, and a great friend.

Men,

By now you've been told what life is about by everyone from Roll-ins to Gump to yours truly. Remember though, life may occasionally be like a box of chocolates, but it is also frequently like a snowmobile racing across the tundra which suddenly flips, pinning you underneath. So dress accordingly. Enjoy the ride, and I hope when we meet again, the tattoo on your forehead reads, "This machine kills ignorance" and not "Don't worry, be happy".

You the class of 1995 have responded to the challenges placed before you in unique ways. Your beginnings were small with only 239 young men in the freshman class. By your senior year there was an obvious emergence of strong leaders, gifted students, talented musicians and artists, exceptional athletes, and those committed to the welfare of others. This has brought you to the forefront, making us proud to be associated with you and CBA. I extend to each member of the Class of 1995 my thanks and best wishes in your future endeavors.

Thinking about the class of 1995 leads me back to the best Thursday night of my entire life. Were you there, or do you remember hearing bout it . . . five overtimes? Five overtimes? Five overtimes and a big huge win! I'm recalling, of course, the 1992 Shore Conference semi-final basketball game against Lakewood, when Geoff and Greg and Frank and Sean were sophomores. CBA — what a team, what a crowd! A non-DBA fan, sitting next to me in the stands, eager to beat the traffic out, each time gleefully thinking that CBA was about to be defeated, left (then out in the parking lot, hearing differently), returned, and left and returned and left and returned — 3 times. Not me, I never wanted to go home. Thank you Coach Wiz and CBA basketball, for providing a memorable night for all of us to share.

*Mary Trank*

I wish the best of luck and much success to a fine group of men whom we are very proud of. Use what you have learned at CBA to create a new world full of promise, but don't forget to have some fun along the way.

# In Memoriam . . .

## Mr. Harry Boynton Maintenance

"Come with me! I will teach you how to bring in people instead of fish". Matt 4: 18-20

Our Gospel highlights two significant centers of Brother Adrian's life . . . his vocation and his advocacy. His vocation, being carefully nurtured by a loving father who took Jimmy on many fishing trips and by his equally loving mother Anne, his sister Nancy, and his brother Joseph . . . led him to the Christian Brothers at Ascension School and De LaSalle Institute, where he said "yes" to God's call entered the juniorate in 1933.

After his graduation from the Catholic University of America with his Bachelor of the Arts in French, with honors, Adrian began his teaching career at La Salle Academy, Providence, Rhode Island. His ten years at La Salle 1939-1949 gave evidence of his leadership potential. He was head of the French Department and the Principal of the Annex of La Salle Academy.

In 1949 he was assigned to St. Peter's, Staten Island as a Subdirector. The following year he was made Director and Principal and after three years

went back to his first love — the classroom where he spent the next 47 years as a most effective teacher of French, Spanish, and Italian. During these years without getting time off from teaching, he earned his Masters' Degrees in Education, French, and Spanish as well as studying foreign languages under Federal Government Grants.

As for his vocation, Adrian was a lover of sports during his teaching career his extra-curricular activities found him coaching boxing and moderating swimming and baseball. He was president of the New York Catholic High School Athletic Association for five years, a great tribute to his interest and ability. His favorite personal sport was fishing. I was privileged to accompany Adrian on many fishing ventures. Adrian always came back from these fishing trips with fantastic amounts of fish.

His diverse interests reflected his great enthusiasm for life, and his spirit lives on in all the lives he has touched.

Brother Richard Duerr, FSC April 12, 1994

## Brother Adrian O'Donnell F.S.C.

## Mr. Robert T. Mason

Robert T. Mason, a teacher at CBA for 18 years, died last October following a stroke and several years of progressive physical deterioration. He had been living with his younger son, Steven, in Keyser, West Virginia. He was seventy-two years old.

Bob was born in Everett, Massachusetts, the youngest of four children. He attended Boston College High School where his academic and athletic accomplishments earned him a scholarship to the College.

His career at Boston College was interrupted in 1941 when, after completing his freshman year, he enlisted in the Army Air Corps. The next three years were spent flying as tail gunner on a B-52. He flew a total of 67 missions.

Returning to B.C. in 1945, he resumed a career which was to lead to induction into the Boston College Hall of Fame. An indicator of his outstanding skills as an athlete can be deduced from the fact that as a senior, he was the captain of three Varsity sports: baseball, hockey, and football.

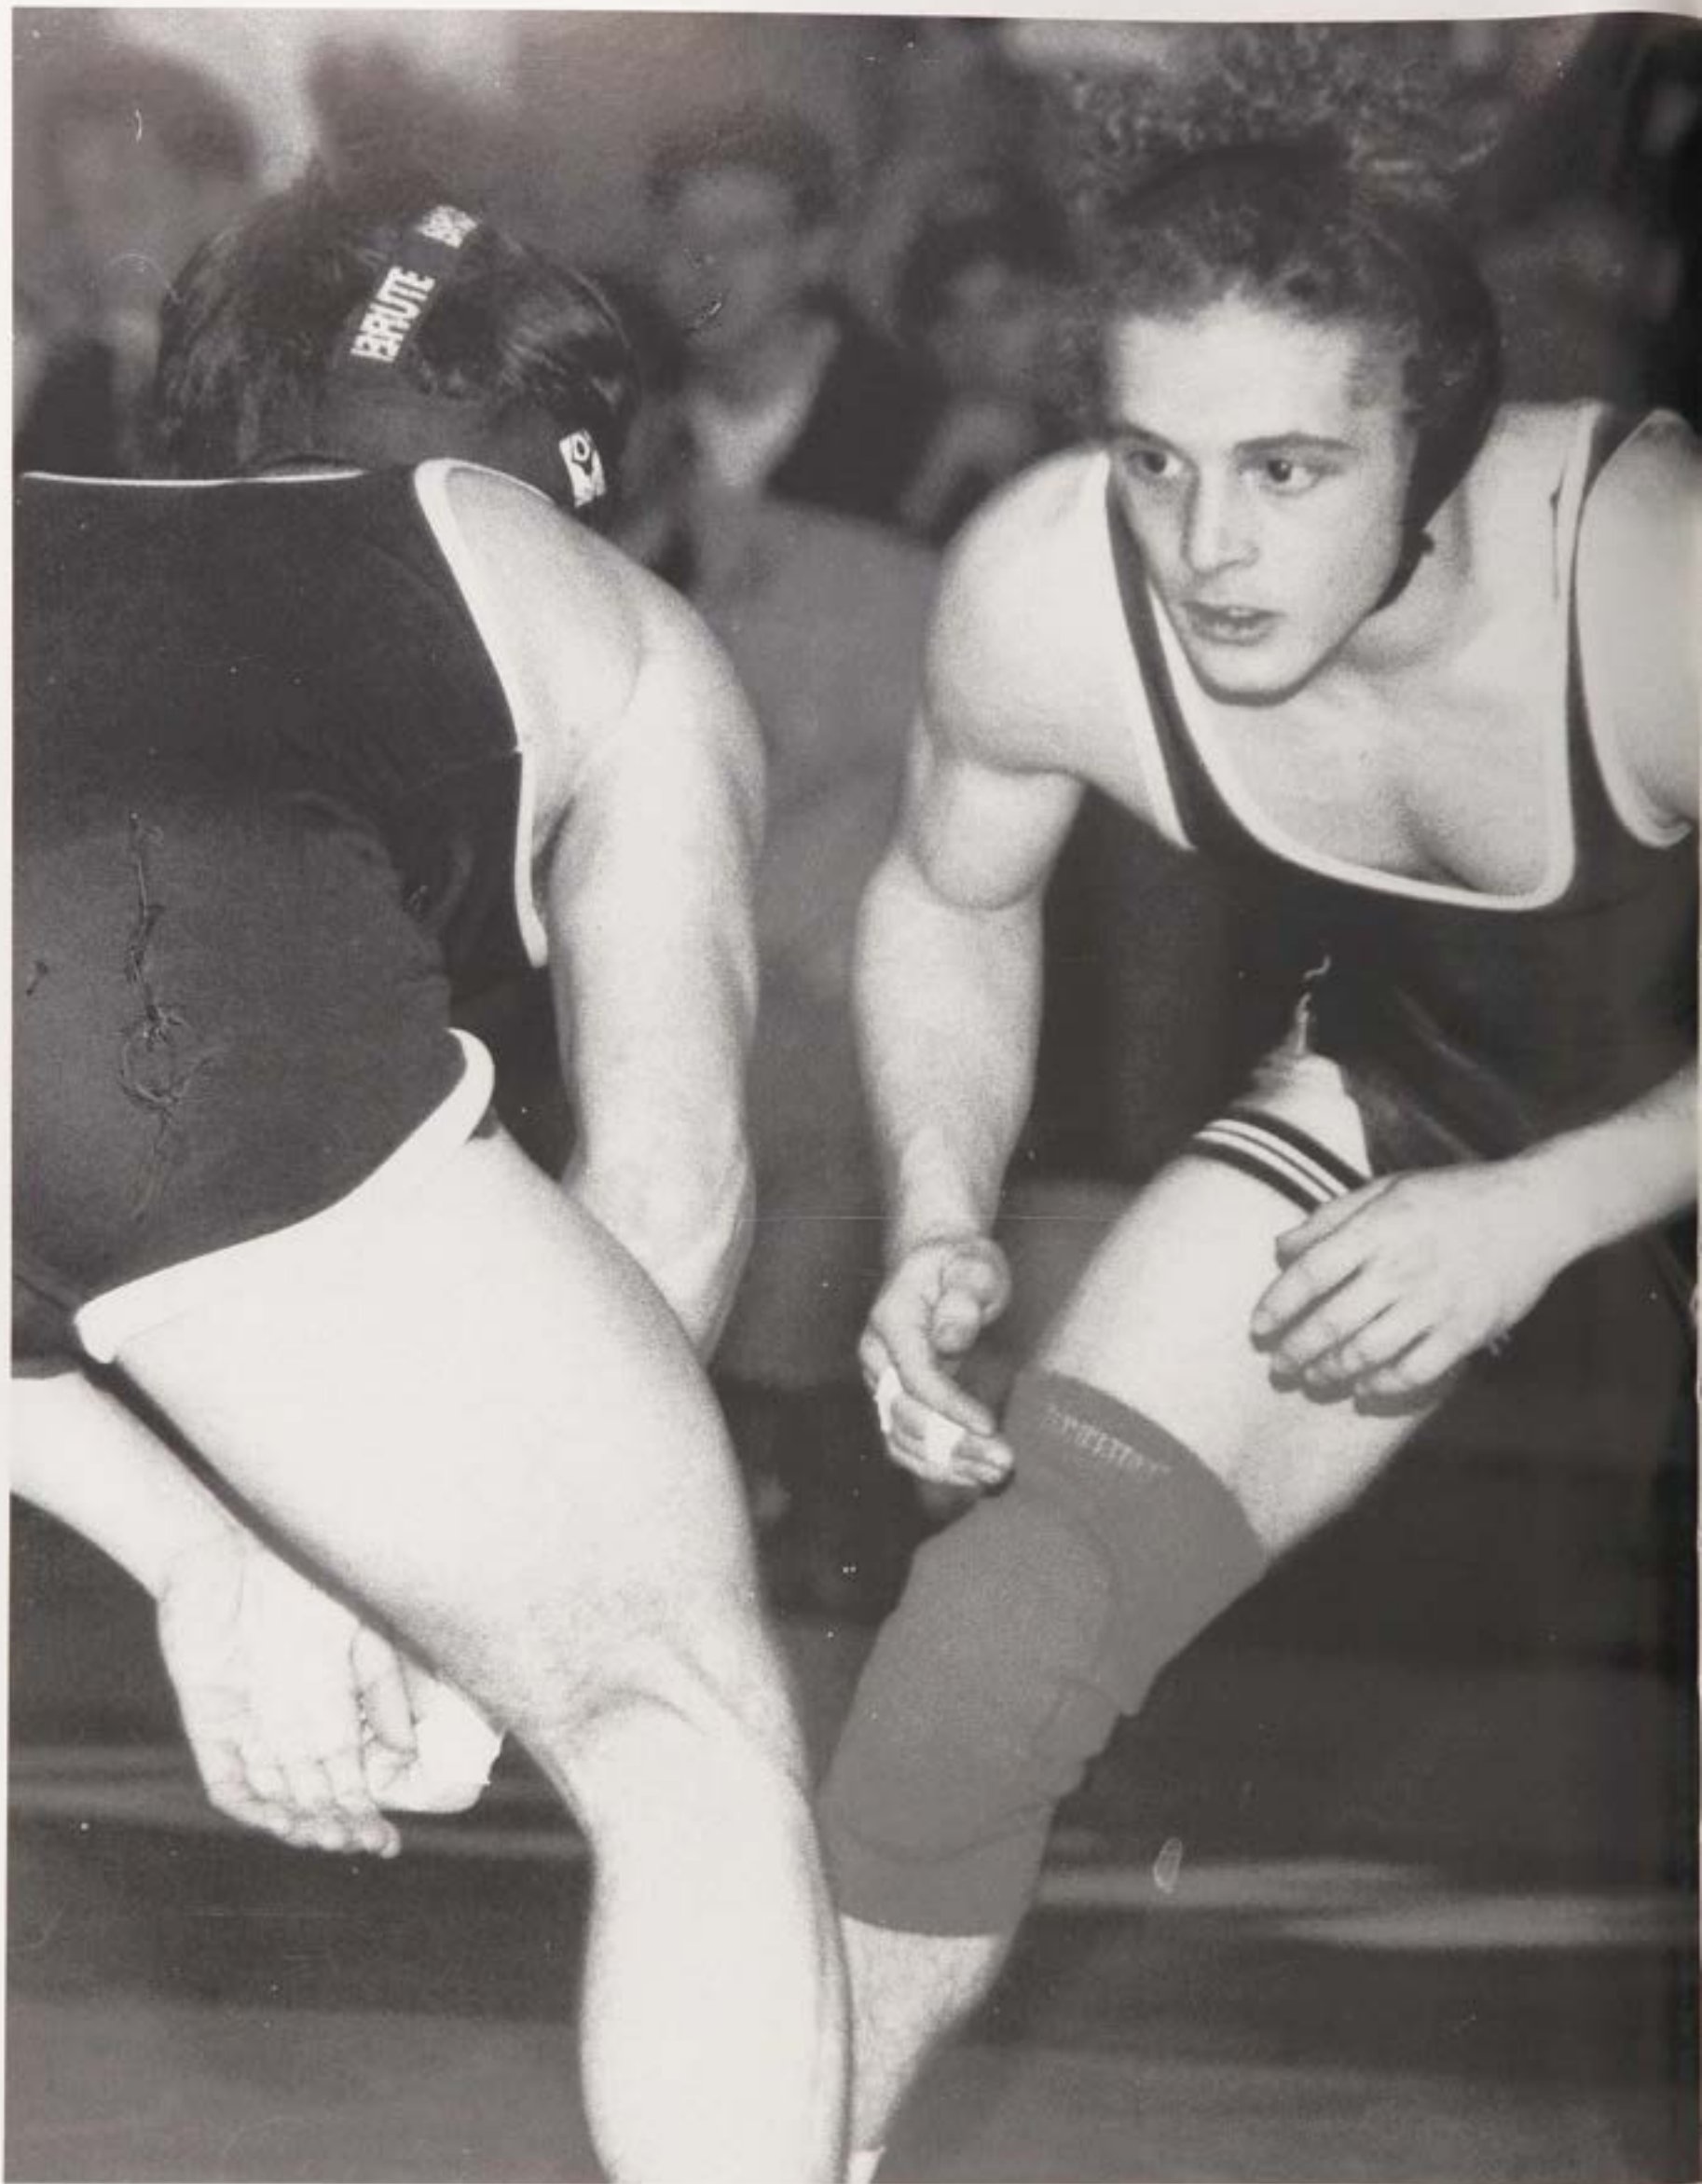

Upon graduating from Boston College in 1948, he accepted a teaching position in Columbus, Ohio. In 1952 he left Ohio to begin his association with the

Christian Brothers, an association that was to last for the next 26 years. He obtained a position at LaSalle Military Academy in Oakdale, Long Island, NY, a school staffed by the Christian Brothers. In 1961 he accepted the invitation of Brother Albert Bernard McKenna, CBA's first Principal, to come to Lincroft. There followed 18 years of intense dedication to the work to be done.

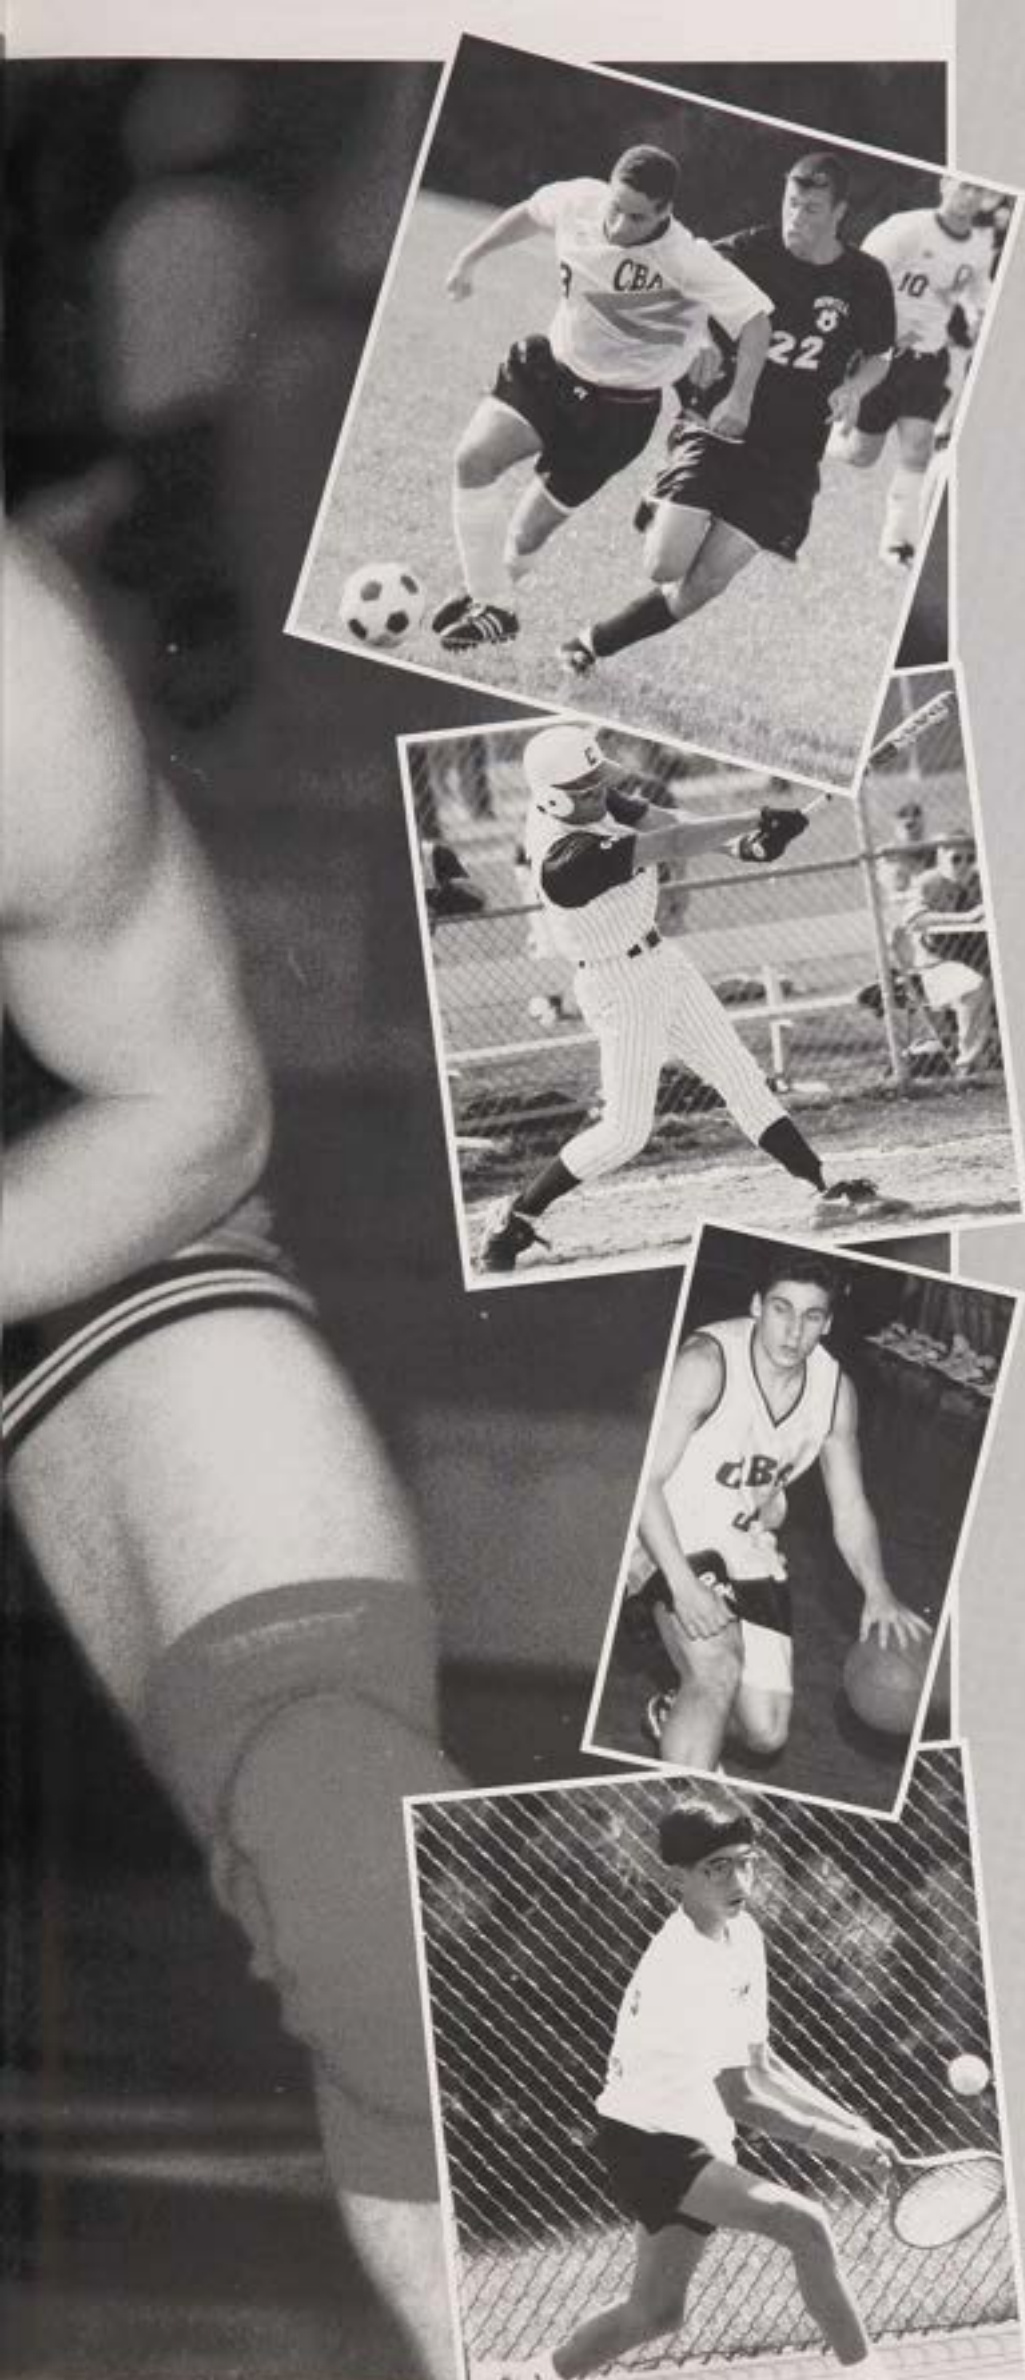

At CBA he was a member of the English department, a department he headed for several years. He taught several different courses offered by the department, taught religion to seniors and freshmen and moderated the school's Literary Journal for a few years. As the Athletic director for some years he supervised the school's entire athletic activities. He spent a dozen or so years as a baseball coach, formed and ran a hockey program for a few years which grew to become Club Hockey and eventually led to hockey on a Varsity level CBA's ranking today as #1 in the state.

He and his contributions will never be forgotten and may his soul rest in peace.

Brother William Chiasson, F.S.C.

The C.B.A. Harriers entered the 1994 X-C season ranked second in New Jersey - and that's just where they finished. The traditional archival Paul VI proved to be too strong for the Colts.

The team started the season off in winning fashion by racing to victory in the Suffolk County Coaches Invit. The following week the varsity men managed a win at the Shore Coaches Invit. The Colts then had back to back races at Van Cortland Park, N.Y.C. In the Manhattan Invitational, the Colts finished first in their race. However, the team wasn't thinking about the victory, they were focusing on the the only team ranked higher than them in N.J. The following week, at the Eastern States, Paul VI simply ran a better race. The Colts had placed an embarrassing sixth. The team realized that it would be essential to regain focus and composure in order to make the rest of the season worthwhile. The Harriers then went on to win the Monmouth County Champs, the NJCTC Champs, and the Shore Conference title. Then came the second date with PVI. It was the Parochial "A" race, the warm up for the following weeks' Meet of Champions. The Colts ran better the second time, losing by 22 points. In the Meet of Champions, the results were simliar because the team lost, but it was the best race the Harriers of '94 were able to run all season.

Being that winning is practically a custom in the CBA X-C program, the team was dissa-pointed, but they have peace of mind knowing they played by the most important CBA sports rule: they gave it their best.

With five returning lettermen, the prospect of the Colt soccer team was doubtful. The relatively young and inexperienced team felt obligated to follow up two pinnacle seasons of soccer without a large impact player like those of the past. After a sluggish start, the team seemed to be slipping into mediocrity.

With the odds against us, Coach Keane, the quintessential winner's coach, set the team straight and the elusive goal: another successful season with another state playoff berth.

Desperately in need of experienced leaders, senior co-captains Sam Palumbo and dominant goal keeper Brad McNutt took the reigns of the young Colts. Their hard work and determination along with the contributions made by other seniors, provided an example for the rest of the team.

The Colt's midfield was established through a number of key players who contributed their efforts in crucial times. The Colt's defense was stellar throughout the season and was led by center-fullbacks Mike Peticari and flankers Dan Keane, Tom Hague and Mike Sheehan.

Through perseverance and skilled play and leadership, the Colts placed high in the shore ranking, and enjoyed another state playoff run and an esteemed semi-final finish.

The words which best describe the bowling team are, "Take the skinheads bowling, take them bowling." Our team is not any ordinary squad of 'Holy Rollers', for they possess a certain mettle which has consistently landed them in the top of their division. This year, under the direction of the unfaltering coach, Bro. Cyril O'Neil, and the leadership of team captain Jon Matunas, the team has met extraordinary success. Other major forces on this debonair and over-achieving team include seniors Vinny Pasini and Jeff Putvinski, as well as junior phenomenon James Tuohy.

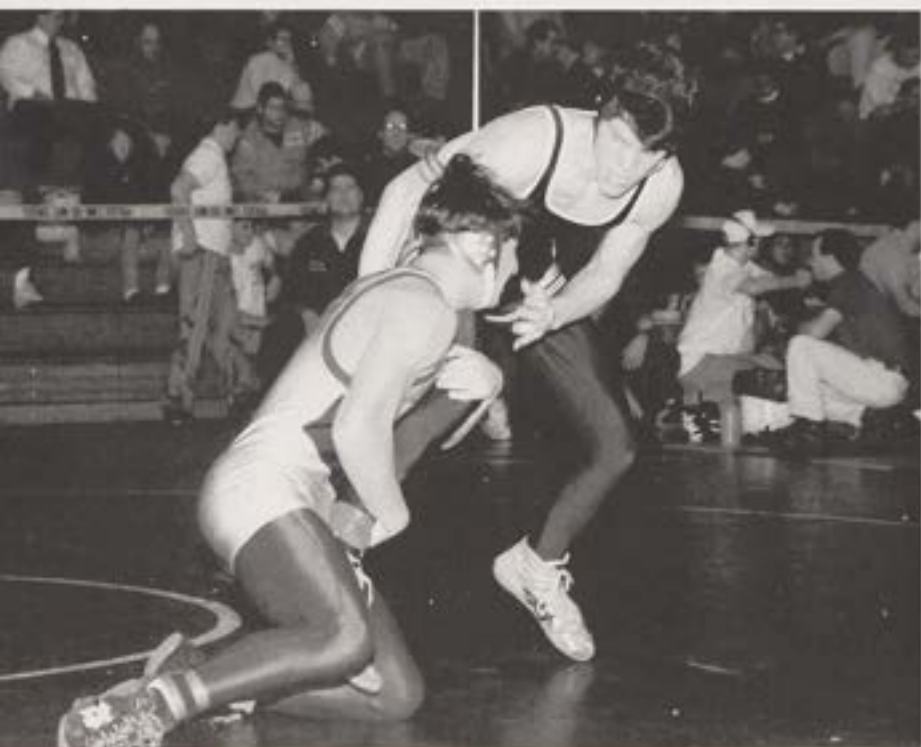

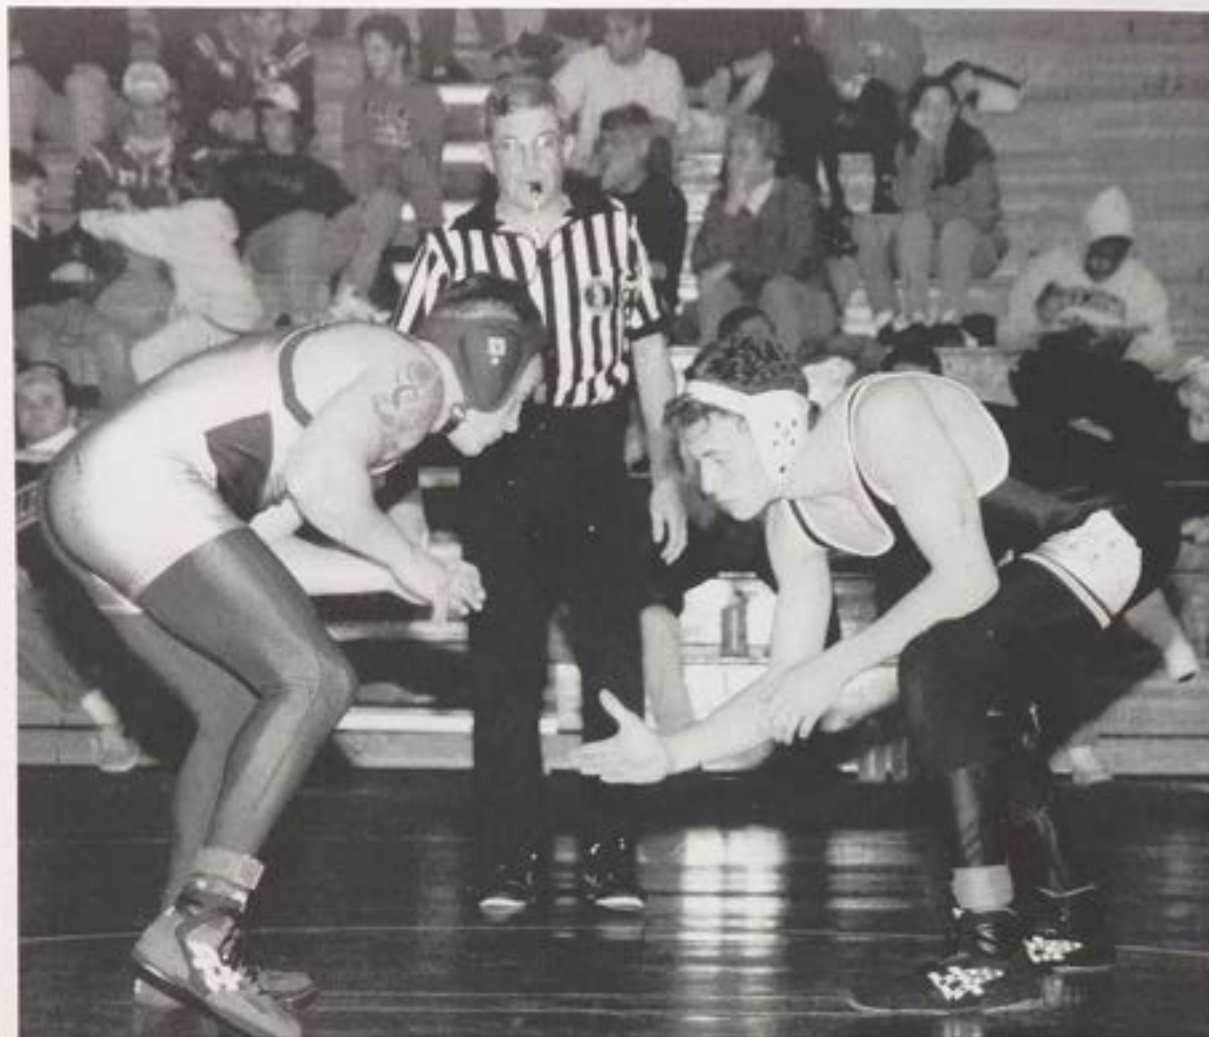

The team is hoping to capture the Shore Conference A North title, a feat which they have accomplished numerous times throughout the years. To break such a solid tradition of victory would be a great disappointment for such a talented squad. No doubt, though, that the team will meet rewarding success.

Therefore, it is not with the normal humdrum that our team goes out each day to strike down its opponents; but rather, it is with cunning and skill that the Colts have become the unique and mysterious enigma on the lanes, sparing no opponent.

This was an exceptional year for the Colt Wrestling team which finished 9-7 in the talented "A" North conference. Dominant victories over Matawan and Manasquan helped the Colts finish an outstanding season. This is the first time in five years that the Colts have had a winning season and it marks a turning point for the Wrestling team. Despite a forfeit at 215, they began the season by taking first place in the Colt Classic with champions Kelly Dowd, Mike McCarey and Mike Tomaino.

Senior captains Kelly Dowd (126) and Mike Tomaino (151) led the team throughout the year. Seniors Steve Lazewski (172), Mike McCarey (132), Rob Cutolo (160), Greg Genovese (HWT) and Junior Al LaRocca (106) all had admirable seasons. Freshmen standouts Dave Santamaria (100) and Chuck Garon (119) joined the team and will help the Colts to continue their success in the future of C.B.A. Wrestling.

# Basketball

Determination, pride, faith in each other, and commitment to excellence are just some of the phrases hung on various signs in the lockerroom which define the coaches and the players of C.B.A. Basketball.

Beginning in a cold gymnasium, chilled with the November frost that preludes to the winter, the members of the 1994-1995 C.B.A. Basketball team, under the guidance of Coaches Wicelinski, Hazelton, Mulligan, and Sewnig, started their quest to be champions both as people and as players.

The season began with a successful trip to Myrtle Beach where the team went 2-1 on route to a fifth place finish. Following this, they scored a memorable victory over St. Anthony's, one that has been long hoped for and will always be remembered. Although once again successful in the A-North Division and Shore Conference Tournament, the team hopes to win the Parochial "A" State Championship: a title that has evaded C.B.A. Basketball for the past ten years.

The Ice Hockey Team continues to embody a personified athletic perfection that is common among the athletic organizations here at Christian Brothers Academy. The team finished off the 1994-1995 season with a fantastic record - eighteen wins, three losses, and one tie. Their performance on the sub-zero water equalled the sum of their hard work in practice plus their focused will to win. Each time an audience was present, their liking of an exciting competition was fulfilled and completely gratified. The Ice Hockey Team has carved itself a niche in the corner of C.B.A. athletic success.

Leading the team this season were the Captains who provided the team with perfect examples of true sportsmanship: Seniors Adam Olsen and Joe Dattolo, and Junior

Dustin DePalma. These individuals, in combination with the entire team (without which such success was impossible) proved the superior victors in the National "A" Division of the Gordon Cup Championship where the team finished in first place.

As is the case with any sport, the team would be nothing without the help and guidance of the coaches. We would like to extend our thanks to Coach Reynolds and Coach McCafferty and to Brother Steven Haubrich (our Moderator) for all their support and insights throughout the year. Without their assistance, we would have never made it past the first game. We would also like to thank our seniors who will graduate this spring: Joe Dattolo, Adam Olsen, Dan Keane, and Todd Thiele. Good Luck in College!

If one word could describe the Christain Brothers Academy Swim Team, it would be CONQUER. The Colts have successfully completed another one of their great years by defeating every team in their division, including the notorious Blue Devils from Westfield. In what was perhaps the most exciting cross-over meet of the season, the Colts were just touched out by St. Joseph's of Metuchen by a mere four points. However, the Colts regained their strength by winning both the Monmouth County and Shore Conference Championships by a margin of at least a hundred points to the second place team.

Leading team this year were Captains Chris Kelly, Paul Pinther, and Chris Warankiewicz who have paved the way for the Colts' success by breaking records in their respective events. Returning Seniors on the team were Eric Christianson, Ed O'Keefe, Patrick Costello, and Bragen Carroll who each strengthened the Colts' conquering force even further.

Juniors Frank Delaney, Matt Thatcher, Brian McHugh, and Denis Walker, and Sophomores Steven Plakoudas and John Corrigan all set superior times in several events, which now gives Coach Sullivan a great outlook for next year. Newcomers Adam Bittman, Ryan Keegan, Rick Schibell, Kevin Young, Hugh McKenna, Matt Bogner, Jared Roesler, and Pete Economou have carved themselves a niche in the corner of C.B.A. Swimming's greatness by establishing great times in their events.

# Indoor Track

Inexperience . . . the one word that most completely captures the salient features of this year's indoor track team. With only nine seniors total and only four senior runners, it seemed that this was to be a rebuilding year. One of the most talented groups of C.B.A. seniors had departed and there was no apparent leader to fill the shoes of Chris Bennet. Nevertheless, a team made up of mostly sophomores and juniors was able to turn a season that seemed destined for mediocrity into a season that any coach would love to have had.

The leadership of the team ultimately fell upon the seniors Chris Chiaro, Benoy Parekkadan, Kyle Kennedy, and Tom DiChiara. These seniors were joined by young Colts Brian Bennet, Eugene McCarthy, Brian Cunnif, Eric Savoth, and Joe DiCiara in a season where new streaks were started, other streaks continued, and one streak lost. The first major accomplishment of the inexperienced

C.B.A. team came at the NJCTC Relays at the Armory in the Bronx, N.Y. There, with two relay victories and eight different runners, C.B.A. posted the top times in the state for both the 3200 meter relay and the Distance Medley relay. The Colts then captured their first ever Group IV State Relays title after having tied Don Bosco the previous year. The young Colts did this without winning a single event, a testament to the depth and teamwork that has always characterized C.B.A. running. The only setback of the entire season occurred in the Monmouth County Relays where C.B.A. lost a heartbreaker to Asbury Park 52-50 its first loss at that meet in fifteen years. The season ended with the C.B.A. completing a romp at the NJCTC Championships. As Mr. Heath jogged the victory lap with the rest of the Colts, it was obvious from the smile on his face that this had been a surprisingly fulfilling season.

# Activities

# Student Council

The 1994-1995 Student Council kicked off its campaign with many ideas and goals. Fortunately, many of these goals were accomplished with success. The traditional Freshman Field Day went well, and everyone enjoyed themselves.

Other successful events endeavors included the Thanksgiving Food Drive and the First Annual CBA Christmas Coffee House. Many ideas for helping the community at large and the CBA community were developed throughout the year. We did all we could to make those dreams a reality. The Volunteer Committee, headed by Derrick Gardella, always came through, and we are all grateful. Additionally, I would like to thank the other officers, Mike, Sam, and Dan for their excellent work, and of course King Higgins, who has provided us with knowledge and leadership since day one.

This year, I think the CBA student body achieved an award winning status. In particular, the the class of 1995 has no doubt defined itself as something unique. We have become a class that not only our parents and neighbors can be proud of, but most importantly, we can be proud of ourselves — for being ourselves. Finally, I would like to express my undying love for you guys — especially the class of '95. As always, I LOVE YOU!

—Chris McDonnell

P.S. Thanks for the memories.

C. McDonnell, Pres.; S. Palumbo, V.P. Religious; Mr. Higgins, Moderator; D. Keane, V.P. Athletic; M. Sheehan, V.P. Cultural and Academic.

The Student Council Volunteer Committee is a relatively young organization formed last year. The main goal of this committee is to provide students with an opportunity to be an integral part of their communities, and more importantly, to take those skills learned through volunteering and apply them to the CBA community. This volunteer organization started the year with a successful fundraiser that has benefitted a boy in need of a bone marrow transplant. As the volunteer committee strengthens, it is becoming more of an important link between the students of CBA and the community around them.

# National Honor Society

Induction into the St. de La Salle Chapter of the National Honor Society is a very prestigious honor which a student earns through his achievement as a scholar, as a leader among his peers, as a person of service to both the Academy and the community, and as a credit to his overall character.

This year, the society entered its fourth straight academic team in the Ciba-Geigy Academic Bowl. It successfully represented C.B.A. by competing in many other tournaments. The National Honor Society has also remained active within the C.B.A. community by continuing the Tutoring Program and Homework Help, by representing the C.B.A. student body as the ground breaking ceremony for Project 2000, and by running the Open House for yet another year.

El club de español es una organización donde los miembros pueden reunirse para aprender más de la lengua española en la forma de películas, canciones, deportes, comidas y viajes. Este año, el presidente fue Patrick Costello, el vicepresidente fue Peter Wahba, el secretario fue John Murray, y el tesorero fue Amish Jani. Señora Ver Hoven y Señora Decker fueron las asesoras del club, y el club fue muy afortunado de tener la dedicación e inspiración que ellas le dieron. Las asesoras y oficiales hicieron mucho este año. Fuimos a Chilis, un restaurante mexicano, para comer. También, fuimos a De La Salle Hall durante la Navidad para cantar villancicos a los hermanos retirados. Jugamos partidos de fútbol, volibol, y beisbol contra los miembros del club de frances, y tuvimos una competencia academia con ellos también. Este año, vimos varias películas durante nuestras reuniones y tuvimos comida y refrescos también. Durante la semana de lenguas, los miembros trajeron comida española y todos nosotros tuvimos una gran fiesta grande. Este año fue la primera vez que el club fue a Broadway para ver unas obras. Vimos "El Beso de la Mujer Arana" en diciembre y todos los miembros se divertieron mucho. También, vimos "Damn Yankees" en marzo.

Le Cercle français est un club très populaire avec les lycéens de CBA. Les officiers ont organisé beaucoup d'activités culturelles, y compris un voyage à New York pour voir *Miss Saigon*, plusieurs matchs sportifs contre le Club d'espagnol, la cuisine et les films français, le concert de Noël chez les Frères retraités, etc.

Grâce aux efforts des responsables, Mme. Maloney et M. Smith, l'enthousiasme de cette organisation se voit et continue à se répondre à CBA.

The members of the Latin Club strive to hand on the torch of classical civilization in the modern world. We believe an acquaintance with the civilizations of Greece and Rome will help us understand and appraise this world of today which is indebted to ancient civilization in its government, laws, literature, language, and arts. With our enthusiasm and financial aid, we support the American Classical League and the New Jersey Classical League to promote the study of Latin in schools. At our meetings we engage in Jeopardy-like games, view films and videos, and discuss aspects of Greco-Roman civilization. As part of our socialization program, we also interact with the other language clubs.

En su primer año, la sociedad Honoraria Hispánica tuvo mucho éxito. Esta organización consiste de un grupo de estudiantes que son muy capaces en la lengua española. Los miembros son seleccionados en mayo (para el próximo año). La asesora de la sociedad es la Señora Buskin. El presidente es Patrick Costello, y el vicepresidente es Oliver Liao. Tuvimos nuestra iniciación el 21 de noviembre con nuestros padres y profesores. La sociedad hizo muchas cosas durante el año. Todos los miembros fueron preceptores a los estudiantes que necesitaban ayuda en español. También, los miembros trabajaron como voluntarios en la comunidad hispánica. Todos se divirtieron mucho. Además, durante la semana de lenguas, los miembros ayudaron a los profesores de español con sus clases de estudiantes en el primer y segundo año. La sociedad es una adición maravillosa a la Academia de los Hermanos Cristianos, y continuará ser una organización de honradez, orgullo, y excelencia como el lema dice: "Todos a una."

# French National Honor Society

French National Honor Society: Peter Stubbs, Patrick Doyle, Christian Dumontet, James Weir.

En 1994 le département des langues étrangères à CBA a annoncé son association à la Société Honoraire de Français. Cette organisation prestigieuse a installé quatre nouveaux membres: Senior - Pierre Stubbs; Juniors - Christian Dumontet, James Weir, et Patrick Doyle.

Ces lycéens-ci ont maintenu une moyenne de 98 dans leurs études de français à CBA. C'est un honneur exclusif et on les a félicité publiquement à la cérémonie d'initiation.

Ces quatre membres donneront des leçons particulières de français à ceux qui en auront besoin.

# The Academy Torch

The Academy Torch here at C.B.A. strives to produce expert journalism with a touch of down-home, familiar story lines. Off to a slow start due to technical difficulties, the Torch took off and flew like an eagle. Led by Chief Editor Dave Keffer, the Torch staff has produced a variety of intriguing articles this year, including the Top-Ten, Sports Roundups, Movie Reviews, and various side-tracks. Providing additional sources of support and dedication were Derek Gardella (Chairman of the Junior Editors) and his crew of Junior staff writers, who assisted the senior staff in the editing and writing process. But the person who deserves the most credit for the Torch is its advisor: Mr. Hugh McKenna. He has been right alongside the Torch throughout the months, and we owe a great debt to him. Special thanks also goes out to the many people who wrote articles for the Torch - without you, the Torch would go out.

# Arister

Arister is the literary and socially expressive mode of communication here at Christian Brothers Academy. The name Arister derives its origin from the Greek word "Arete", which means excellence. And excellence is exactly what the staff of Arister strives for. Through a series of ad hominum feats, the staff at Arister collects a wide range of literary material for its spring publication, including poetry, prose, and pictures that the entire C.B.A. community can enjoy. Jeff Villasenor led the team at the Arister this year, and through his supreme dedication to preserving the literary heritage at C.B.A., the Arister was able to publish several interesting pieces.

Mr. Joseph Fili was the moderator for Arister and if not for his knowledge of language and logic, the Arister might have become a D.O.A. with know hope of a rewrite. We all owe him a great debt. Other parties we must thank are Aristotle (for writing "Poetics" and for providing us with a source for our intellect in literary criticism) and Aunt Edith (for showing us how to understand the ancients), but without the contributions from the young authors, Arister would not possess any arete.

The 1994-1995 Staff of Arister with Advisor, Mr. Joseph Fili, Senior Editor, Jeff Villasenor, and Junior Editor Dave McDonald.

# Mock Trial

STANDING: Greg Pflieger, Brian Regler, Chris Ross, Phil Chi, Bill Mack, Mike Illuzzi, Mr. Fleming, Oliver Liao.  
SITTING: Lee Samaha, Steve Bragger, Andrew Foote, Craig Kolodjeski.

The Mock Trial Team consists of a group of extremely talented and determined individuals who strive to achieve perfection as attorneys, witnesses, bailiffs, and judges. The team is advised by Mr. Mark Fleming and the Honorable Judge Louis Locasio, who have provided the team with an incomparable source of guidance and support. Without their hard work and patience, the team would undoubtedly be found guilty.

This year, the Mock Trial Team had probably its most successful year in the recent history of Christian Brothers Academy. Through participation by all of its members, the team was able to win the Monmouth County Championships — a very prestigious accomplishment for a relatively yearling team. The Team also performed magnificently in both the Regionals and Division State Championships.

How does the Mock Trial Team meet with success after success? The answer is not that uncommon — practice and a will to win. The Senior members of the team, Lee Samaha and Mike Illuzi, have provided standards of excellence that the underclassmen can follow in the upcoming years.

# Social Awareness Council

BOTTOM: S. Mazzela, M. Domogala, T. Yaecker, Z. Roesler, R. Lueddeke.

The Social Awareness Council consists of a bunch of students who want to make C.B.A. fully aware of the important issues facing both our school and our nation in today's world: racism, intolerance, and prejudice. The Council prides itself on its motto: "Reform through communication." Because of this, the Council's advisor, Ms. Pat Tracey, insists that the members of the Council sit in a circle during every meeting and discuss the importance of the aforementioned issues of the day. If we all learn how to recognize the opinions of other people, then we will all be able to reach a consensus and disagreements will become virtually nonexistent.

The Social Awareness Council is led by its advisor, Ms. Tracey, and the impeccable leadership of President Matt Malone and Vice-President John Hanson, who have all dedicated themselves to the preservation of Christian values through communication and explanation. The Council was very fortunate to have Henry Tindall, head of the Monmouth Day Care Program, speak his views on racism, which provided the Council with a source of inspiration and guidance.

# Math Team

Under the inspirational guidance of Brother Christian Jones the Varsity and Junior Varsity Math Teams continue in the tradition of excellence. The teams demonstrate dedication through participation in various contests and leagues, including the Metro Catholic, N.J. State, and Varsity-level Shore League. The team has taken first place in the Paterson State competition and third in the Seton Hall competition. Under the leadership of Steve Schirripa, and with strong seniors Tim McGovern, Amish Jani, and Adam Olsen, the Varsity Team has secured a solid position in the Shore League.

Each of these seniors currently has a perfect score. As the busy months approach, the team feels confident and hopeful. Many members have their mind focused on state and national contests, such as AHSME.

On the Junior Varsity level, Juniors Mike Basaman, Oliver Liao, Peter Marturano, Sean Duane, Frank Victor, and Chris Dumontet are leading the pack. Currently, all three have perfect scores in the Catholic League. The strength of next year's team will be ensured by these seasoned veterans.

# Science Team

The science team allows students to participate in a variety of scientific competitions: from taking written tests to doing research projects, and from building bridges to designing battery operated devices.

Among the competitions C.B.A. has participated in this 1994/95 school year are the New Jersey Science League, the Junior Science Symposium, the Duracell Competition, the New Jersey Science Olympiad, and the Science Bowl.

Leading the team with their supreme knowledge of Physics were Pete Marturano, Frank Victor, Sean Duane, and Mike Basaman. Leading the pack

of the Chemistry Team were Steve Schrippa, Tim McGovern, Dave Keffer, and Chang Pae. The leaders of the Biology Team were Amish Jani and Mike Oberdorf. With the insightful and guiding knowledge of Mrs. Calderon-Grimes the Science Team met with success after success winning several championships including a third place finish in the Science Bowl, a very prestigious accomplishment, and several high finishes in league events. CBA is without a doubt the perennial power house of the science competition world. Way to go Chock full o' science team!!!

# Rocketry Club

While walking around the C.B.A. campus on any given clear day, the observer is apt to see a group of students looking up into the sky. One may think that these men are mere bird watchers, but this is not the case. They are actually members of the C.B.A. Rocket Club. This exciting club is devoted to the construction of various model rockets. They then take these models to the back fields and try to launch them into the sky. This allows the club's members to not only marvel at their own work, but to also learn something about the principles of flight and aviation.

The Rocket Club is guided and inspired by Brother Patrick Higgins who puts a great deal of time and effort into the club's activities. He spends great amounts of time working with the newer members so that they will become expert rocket launchers. Without his dedication and support, the Rocket Club might never have gotten off the ground.

The Members of the Rocketry Club with their advisor, Brother Patrick Higgins.

# Christmas Club

The Members of the Christmas Club with their Moderator, Brother Patrick Higgins.

At Christmas time, the Church rejoices in the Incarnational event of God-giving. "He loved us, and gave Himself." In imitation, Christmas exchange gifts and send greetings. Here at CBA, we build an outsized, three-dimensional "Christmas card" to express our best wishes of the season.

We renew traditional bonds, proclaim seasonal joys, and repeat perennial yearnings for something more — Universal Peace, Good Will, and Hope for a better world.

The members of the Christmas Club, a fine group of dedicated young men, are happy to construct these sets on our property. In doing so, they experience both the exhilaration and fulfillment because they delight so many people, young and old. And oh, how they excite the little ones!

# Chess Team

December 1st marked the beginning of the Shore High School Chess Season, but the members of the C.B.A. Chess Team began their practice rounds in September. Once again, C.B.A. fielded two teams in the league. The A Team will play in the "North" and the B Team will play in the "West" division.

Most of the players from last year were back, as was Mr. Sean Nunan, the moderator. Last year the A Team made it to the playoffs only to be eliminated after the second round, and had to settle for a third place trophy. The performances this year for the A Team were superb and outstanding and incomparable to any other in the field. The B Team performances this year were also quite phenomenal and intriguing. With such success from the team this year, many outstanding things can be expected next year.

"A" Team: Dan Cifarelli, Sou Chang, Brandon Gruner, Mike Karle, Will Wedemeyer, Mr. Nunan.

# Karate Club

In its second year, the Karate Club of C.B.A. met with tremendous success. Returning for the leadership positions of the club again are Father Folchetti and Mr. Steven Smith who transferred their able knowledge of karate to the members. The member's main tasks are to practice techniques common to all forms of karate, share these various techniques with each other, and employ new ones. The members convene once a week in the school gymnasium and come dressed in their uniforms ready for action. On most occasions, there are more than twelve members present at every meeting. The president of this year's club was Warren Chang. The underclassmen members of the club hopes that the club will meet with equal success in the years to come.

The Fathers' Club of C.B.A. was founded for two purposes: to create a spirit of comradeship among the alumni, fathers and friends of C.B.A., and to be an assistance to the Academy. The club holds regular meetings to increase interest in the Academy and its academic standing in the community. The organization sponsors the annual Pot of Gold Raffle and supports the Century Club drive. A Father and Son Communion Breakfast brings the members and their sons into close union with the religious dimension of C.B.A. Each year the Father's Club organizes a variety of functions ranging from social activities through a maintenance committee. In addition, the men of the Fathers' Club help out with the supervision at many athletic events and other functions.

The Mothers' Club is an organization for all of the mothers of CBA. The club was formed in 1975 to assist in the present and future success of the Academy. This is accomplished by aiding in school activities and services as requested by the school, helping financially in whatever way the school administration considers desirable to supplement school funds, uniting the members in the closest bonds of good fellowship and promoting community interests in CBA. The financial goals are achieved by sponsoring an annual luncheon and fashion show in October and an art show in February. Services rendered by club volunteers consist of publishing a newsletter, providing chaperones for school dances, and hosting and assisting at several in-school receptions.

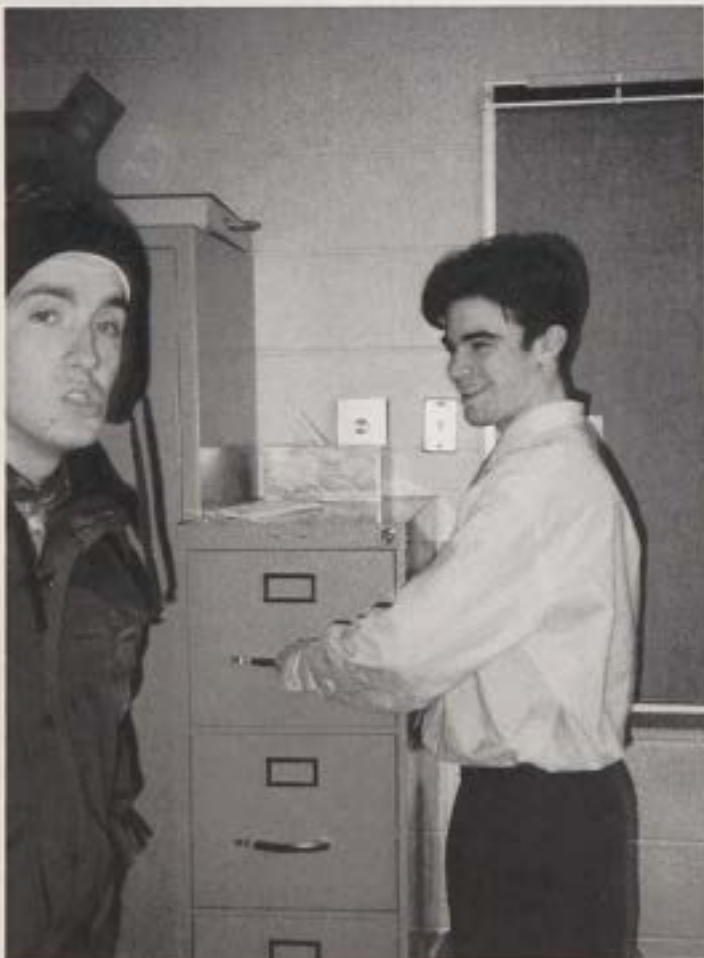

# Pegasus

The production of the 1995 edition of the Pegasus Yearbook began during the summer at a workshop in Trinity-Pawling, New York. This workshop allowed the editors to prepare for the difficult task ahead. Over the next six months, the Yearbook team would face much adversity in trying to capture our best memories of C.B.A. Our greatest reward was the sense of accomplishment and pride in completing a finished product which emerged from our ideas and dedication.

The patience and guidance of our advisor, Mr. Hycenko was truly a tremendous asset to our success. Under his leadership, we learned lessons as a team and were able to produce a yearbook which will make the C.B.A. community proud.

# Freshman Field Day

pg 164

There are several words associated with Freshman Field Day, among them (perhaps the most misleading) is pain. The common misconception about Freshman Field Day is that most think that the only purpose it serves is to scare the living daylights out of the new Freshman. Such is not the case however. This year's field day went very well. After meeting with their GURU's and attending a prayer service conducted by Fr. Folchetti, the newest members of the school were escorted outside to the delight of the upperclassmen in attendance. Outside were many different events to test the hearts of the frosh, including a soccer area, a station on the baseball field, an obstacle course, and a volleyball area. The student council, in correlation with its moderator, Mr. Greg Higgins, sets the agenda for the day. After the day's activities, each freshman receives a T-shirt commemorating the field day extravaganza. This event serves to welcome the new members to the C.B.A. community in such a way that everyone involved can come out and have a good time.

# Brothers' Jamboree

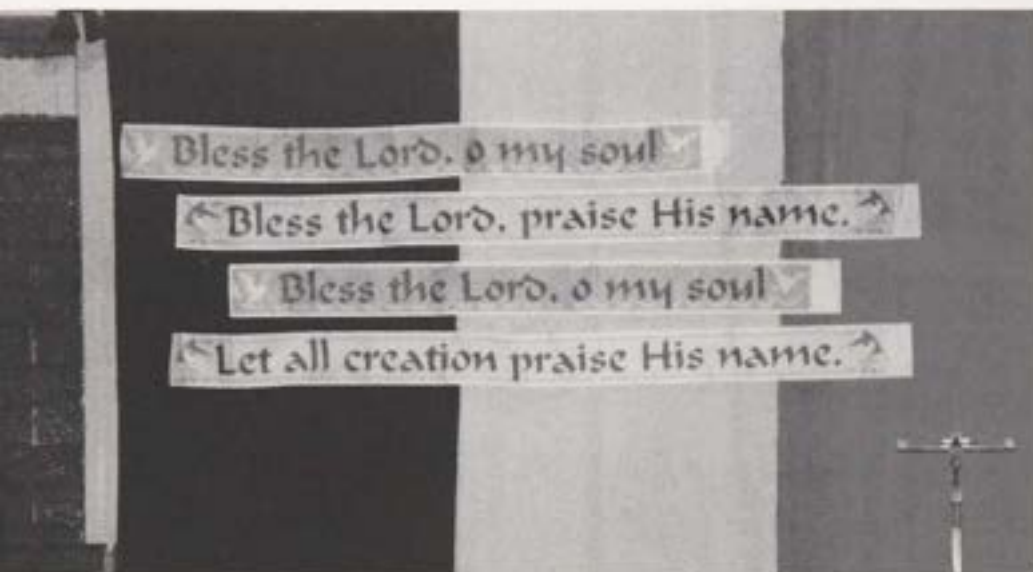

The C.B.A. Brothers Community held an open house for C.B.A. seniors on Thursday night, October 13th. It was the first time that students had been invited to see where the Brothers lived. About 130 joined the Brothers for pizza and soda and later had a chance to tour the residence.

The Ministry Program here at Christian Brothers Academy serves to strengthen our Christian faith through participation in the Liturgy. Students are offered the opportunity to participate in several ministries including the Eucharistic Ministry, Lectors, Hospitality, Acolytes, Liturgical Committee, and the Music Ministry. There are several Liturgies throughout the school year where the entire community of C.B.A. gathers to celebrate the importance of Jesus in our lives. The various Ministries enable students to allow their inner Christian faith to be manifested during the Liturgy. In addition to various community gatherings, there is also a Mass scheduled every morning where students can participate in a prayerful reflection before attending class. Father John Folchetti, Mr. Walter Hrycenko, Ms. Pat Tracey, Mr. Joseph Prioli, Brother Daniel Gardner, Mr. Sean Nunan, and Mr. Pat Scott head the various Ministries and provide us with an incomparable source of guidance and support. In preparation for performing the duties of the Ministries, all those involved attend a retreat where they reflect on the meaning of their service to the C.B.A. community.

# Open House

The Open House provides a forum in which both prospective freshmen and their parents are given an opportunity to see the school and to ask any questions they may have about it. C.B.A.'s Open House was held on October 8, on a brisk Sunday afternoon, and over three thousand people were in attendance. The day was organized by the National Honor Society. Tour guides led the parents to various rooms, where speeches were given throughout the day by faculty department heads to give parents an understanding of school curriculum. School publications, as well as refreshments, were available to the public in the cafeteria. Thanks to the enthusiastic participation of all those who volunteered, the day was an overwhelming success.

# Blood Drive

On January 26, 1995, Christian Brothers Academy held its biannual blood drive. Despite a severe flu epidemic, eighteen students were generous enough to give blood to the Central Jersey Blood Center. Those juniors and seniors who were seventeen or older were eligible to donate. Under the leadership of Mr. Prioli and Br. Henry Mischuk, John Hanson and Bobby O'Connor solicited donors for their respective grades. Another blood drive was held in April. Thanks to all who participated in this very worthwhile endeavor.

# Project 2000

As Christian Brothers Academy prepares for the future, it has embarked on a new \$10 million capital campaign to raise funds which will be used for construction of the school's third wing, as well as for renovation and endowment.

Christian Brothers Academy's Project 2000, as this campaign is known, will better prepare us to meet our goals for the remainder of this century and well into the 21st century.

Project 2000 will provide new classroom and laboratory facilities, intramural and interscholastic athletic facilities, and a music studio. Project 2000 will also fund renovations to the original school building, and establish an endowment fund to ensure the continued success of C.B.A.

Project 2000 will fund the construction of three new 21st century prototype laboratories that will allow C.B.A. students to utilize current technology in the study of biology, chemistry, and physics. Funds have also been

earmarked for the addition of seven new classrooms.

Another feature of the new project is an auxiliary gymnasium that will provide space for the expanding intramural and interscholastic athletic programs. A new acoustically-designed music studio will also be built next to Henderson Theatre.

Another important objective of the Project 2000 capital campaign is the establishment of an endowment fund for C.B.A. A reasonable endowment fund will allow Christian Brothers Academy to meet any challenges along the path while maintaining excellence in education, a Christian Brothers tradition for centuries.

So comes the time when the river has reached its destination in the Ocean of Diversity. Now comes the true test of our character and integrity during our journey. We have to ask ourselves a very important question: "Was it worth it?" How we answer this question depends on our outlook on how life treats us, or better yet, how we let life treat us. The test to withstand the obstacles and challenges during high school has been successfully mastered and completed - our graduation is a sign of how well we have met the requirements of a valiant journeyman whose purpose is to conquer the hurdles of life without sacrificing honor, faith, compassion, or hope. We remained irresolute throughout our journey in the river and soared over failure and disappointment like an eagle soars over an empty canyon.

We all passed through the Dam of Chal-

lenge in our initial stages of the journey and by this successful action we became an integral part of the C.B.A. community. By our graduation we have shown those who enabled us to attend C.B.A. that we performed our tasks and conquered our obstacles to the best of our ability. But we must realize that the journey does not end here. We have only guided our Small Ships of Knowledge through a mere meander of the large body of water into which we are about to enter. Are we ready to enter a new life? Have we learned from our mistakes during our journey so that we can face our new challenges gallantly? If we have not, then fret not we should. Life is a learning process. Our

Christian heritage teaches us to reach out to those in need of our help. Those of us who have met the challenges of life can extend a hand of help to those who have not so that all of us can face the Ocean with a fearless bulwark of strength.

What held us together through these past four years was our common placement in the river. Now we embark in different directions. We will all be traveling in the same Ocean but on different currents and crests. Let us never forget the times we have had with each other, and when our currents cross again some day, let us embrace the opportunity to welcome our Few Good Men home to the River.

## EDITOR'S MESSAGE

I would like to thank the following people for their time, effort and contributions to the thirty-third edition of PEGASUS.

Mr. Walter Hrycenko for his patience and willingness to understand why nothing was done on time, was extremely crucial for the completion of this book.

Mr. David Schofield from Delmar Publishing and T.V. 34, for his knowledge of the yearbook process and for his guidance over our young staff.

Mr. Danny Pompeo for taking time out of his schedule to help in the design of this year's cover.

Peter Wahba my right hand man, always there to do the work that I never did.

Liam Dunne, Pat Martin, and Jeff Welker for all the work they did on this year's Senior section. Whenever they decided to come they really worked well together.

Pat Mullaney and Greg Oliva. Who is Pat Mullaney? Whoever he is Greg and he worked great together and the Underclassmen should be proud.

Derek Gardella and Michael Jaccarino; "The Dyanmic Duo!" On a serious note they both gave their heart and soul to make the Faculty section one of the best ever.

Kevin Kelly for his diligence on the Sports section of this fine publication. His new appearance reflects his work to the fullest extent.

Chris Pienkowski and Frank Victor; without Frank we would still be doing the Activities. Just kidding Christian, this year's section shows the long hours you both put into this book.

Amish Jani and Bobby O'Connor for all their work on Student Life. "Did any one cut out pictures for The Year in Review?"

Pat Costello for editing and coming up with the opening, the closing, individual articles and of course the River of Life.

Stephen Vernak for editing and coming up with sketches, and caricatures for the Faculty and Sport sections.

Oliver Liao and Michal Domogala for all the pictures they took and recruiting photographers.

Finally, to all the people who contributed articles, took photographs, and spent their time making this book possible.

Thank God it is all over. You all worked very hard and I really hope you understand how much it was appreciated. By the way you are all FIRED!

I would personally like to dedicate this book to the Class of 1995. Another chapter in our life has ended. I wish you all the best of luck and good fortune in the upcoming years. Always remember Christian Brothers Academy and that we are A Few Good Men.
